CFA Society Pakistan

We are Hiring! | **Senior Financial Analyst – Energy Business**

We are looking for a finance professional to join our Energy Business and play a key role in evaluating investments, developing business cases and supporting strategic transactions.

What you'll do!
-Build and review financial models to assess investment opportunities, project returns and transaction scenarios.
-Prepare Investment Memorandums, pitch decks and financial feasibility studies for potential transactions.
-Analyze financial statements, business performance and key value drivers to support due diligence and valuation.
-Coordinate with cross-functional teams, consultants and other important stakeholders for the transaction.
-For approved projects, manage project execution, tracking milestones, coordinating with external partners and internal teams, and reporting progress to management.
-Work closely with senior leadership, requiring strong communication skills and the ability to perform confidently under high-pressure, senior stakeholder settings.

Requirements
-ACCA/CA (F)/CFA, Masters or Bachelors in relevant domain.
-Certifications such as FMVA/CFA and power sector exposure would be a plus.
-3-5 years of experience in advisory, Investment Banking or Related field.
-Strong financial modelling skills with advanced proficiency in Microsoft Excel and PowerPoint.
-Energy/power sector exposure will be a plus.
-Excellent Analytical, quantitative and communication skills.

Exposure
-Direct exposure to boardroom-level discussions and decision-making.
-Opportunity to work on high-value, high-profile transactions.
-Growth potential for the right candidate.
