2019 Leadership Development Workshop
Preview Agenda

March 24-25, 2019
Seattle, WA

OVERVIEW:

Led by expert leadership coach and facilitator Patricia Clason, the Leadership Development Workshop focuses on emotional and conversational intelligence, enriching participants' knowledge base, strengthening their personal and interpersonal skills, and elevate their position as successful revitalization leaders. Whether navigating board conflicts or creating accountability with volunteers, participants will walk away with action plans to elevate their leadership approach.

LEARNING OBJECTIVES:

1. Define and develop a leadership style congruent with your core values.
2. Understand the principles of emotional intelligence and time mastery and gain tools for developing related skills.
3. Understand the principles of conversational intelligence and learn to have productive accountability agreements.
4. Assess your stress levels and gain tools for minimizing stress in the workplace.
