○ II: Quality - Complex Spine
● Review Data - Complex Spine

0% complete

Ophthalmology Reporting
○ I: Volume - Ophthalmology
○ II: Quality - Ophthalmology
● Review Data - Ophthalmology

0% complete

Completion rates are shown above for the active year/quarter in the blue toolbar above.
Some questions may not apply, so it's okay if you do not reach 100% in all sections.

These are the three new questions added under Section I Volume that will drive whether the specialty section is hidden on the home screen.

Answering no below, will hide the specialty questions on the main menu.

» ASC Performs Total Joint Replacements   * Yes ▼

» ASC Performs Complex Spine Procedures   * No ▼

» ASC Performs Ophthalmic Procedures   * No ▼

Based on the selections above, once saved, the complex spine and ophthalmic sections are hidden on the home tab.
