Resurgence Brewing Company Tour

With a leadership born and raised in Buffalo, the newest brewery to hit the ground running in Buffalo is Resurgence Brewing Company. Resurgence's goal is to produce and distribute a top-notch product to the craft beer lovers of Western New York. Offering high-quality, small-batch beer for local enjoyment, Resurgence aims to provide a positive environment in which members of the Buffalo community can gather and celebrate with family and friends. Its beer garden promises to be a destination where like-minded people can share ideas over a delicious and refreshing brew that was carefully crafted just a few feet away.

The guided tour will feature a presentation by a member of the Resurgence team, along with questions and answers from Erik Wagner, project manager of R&P Oak Hill Development, LLC. R&P Oak Hill Development, LLC was responsible for the interior build-out of Resurgence Brewing Company. It also provided the site construction of the beer garden, while Resurgence provided the landscaping. Guests will have an opportunity to sample several of the brews created at Resurgence.
