70 Years of Professionalism

The International Association of Administrative Professionals (IAAP) is a not-for-profit professional association for office professionals with approximately 28,000 members and affiliates and nearly 600 chapters worldwide. Our mission is to enhance the success of career-minded administrative professionals by providing opportunities for growth through education, community building and leadership development.

The association founded in 1942 as the National Secretaries Association to provide a professional network and educational resources for secretarial staff. The association's name was changed in 1998 to the International Association of Administrative Professionals to encompass the large number of varied administrative job titles and recognize the advancing role of administrative support staff in business and government.
