

IAAP LINDBERGH CHAPTER
Fundraiser

That's My Pan!

Sales begin in November and will run throughout the year
First two order shipments will be available for holiday gift giving

That's My Pan!® introduced their first personalized, engraved 9x13" cake pan over 7 years ago. Since that time they have grown to offer many new products but we have stayed true to their commitment to offer the highest quality, most artistic, American made personalized bake ware available anywhere.

The lids of all pans are coated with a proprietary texturized coating in your choice of four great colors. These coatings are thick, rich, naturally hide fingerprints, and give depth to the artwork. The lids are not spray painted like you can find on lesser imitations! On the lids, you have your choice of over 100 pieces of artwork. In addition to your artwork choice you can choose wording (either "From the Kitchen of" or "Made With Love by") and the name to personalize the lid with.

All pans are Made in The USA. Every one of them! There are 3 choices of pan types for the 9x13", 2 for the 9x9" and 1 for the 9" pie pan.

The next time you take a pan to a gathering, there will be no question... "That's My Pan!"

See samples & pick up a brochure and order sheet at the November Chapter Meeting and get started on your holiday shopping!

That's My Pan!
Also sells other personalized items such as personalized coffee mugs, cutting boards, kitchen utensils and more!
