

“Inspiration Award Recipient”

Sheryll Nall, CAP

Sheryll joined Tire Town Chapter IAAP in May 2011. After checking the organization out online, she became a member two years later. After a series of applying and not getting promoted on her job, she decided that she needed to do something to enhance her skills/development to improve her chances for the next job opening.

At the time she joined the organization, she was looking for a way to enhance her career outside of her current job at the time. Now Sheryll is looking to tap into all the learning experiences, tools, and job enhancement opportunities that the organization has to offer.

When Sheryll joined IAAP, she worked for Key Bank in Cleveland, Ohio for 13 years. Most recently, she has found a job closer to home at FirstMerit Bank. She has been there for two months. Sheryll believes this was possible because of her network with the Tire Town Chapter.

Sheryll has three sons. Eli lives in Cincinnati; Adam who is in the Marines and will be heading to Kuwait shortly for a two-year contracting job; and Joshua, who just joined the Army in March 2013, and is currently stationed in South Carolina. She has four grandchildren: Braedon, 4 yrs; Thea Bella, 20 months; Sahzira, 3 ½ yrs.; and Zaiden, 2yrs. Old. Sheryll’s mother, Theresa, is an ordained minister. Sheryll is married to Robert.

In her free time, Sheryll LOVES, LOVES, LOVES to paper craft! (Gee did she say she loved it? LOL)

The Wizard of Oz is Sheryll’s favorite movie. Her dad and she would always watch it together when she was a kid. She would be so scared, but loved to sit on his lap and watch it anyway.

Sheryll would love to go to Africa. She wants to grow in her knowledge and understanding of the history of African Americans. She feels it would be a great experience to Africa, stating that “I am sure I could learn a lot from a first-hand visit to the country and better appreciate how my ancestors got her and the struggles they encountered. I know there is a lot of information out there about that part of history, but I would like to see the country personally and have first-hand experience in actually being there.”

Sheryll considers her sons as being her biggest achievement.

One interesting fact everyone should know about Sheryll is that she used to hold the Series 7 (stock broker) and Series 6 (insurance/annuity) licenses as a Financial Advisor.

*Tire Town Chapter IAAP Salutes Sheryll Nall, CAP
Recipient of President Zinn’s Inspiration Award*
