

ECD e-Chatter

Eastern Canada Division

February 2012 issue

From President Shelley Morton

Already February – where does the time go?

First off, I would like to congratulate those members who achieved their certification during the last exam. Your certification is something to be very proud of and it shows your commitment to your profession. Also, congratulations to the Chapters who submitted their application for the Avery Great Results Achievement Awards Program prior to the February 01 deadline.

It is time to start making your plans to attend the Canada Divisions Conference (CDC), in Kitchener/Waterloo, June 7-9, and Educational Forum and Annual Meeting (EFAM), Grapevine, Texas, July 21-25. Attending these events provides great education and networking opportunities. I would recommend you attend at least one of these conferences, they are well worth it.

I encourage you all to take on a volunteer role within your chapter, division and even at the international level this upcoming year. The benefits to your career and your leadership growth are remarkable. Believe me, when I started out in IAAP, I was very shy. For those who have met me, can attest, I am definitely no longer shy!

Remember that with each passing day, another opportunity presents itself for you to grow in your career and/or your personal life, and I hope that you chose to make the **Leap to Remarkable**.
