

Complete Streets Training Workshops

Course overview

This workshop is conducted to initiate and familiarise prospective users with the new Complete Streets manual.

The workshop is presented in a practical format by introducing Complete Streets philosophy, document tour and workshops; and a design exercise that will involve problem solving from a designer's perspective and an assessor's perspective.

Your presenter

Steven Burgess - Principal Consultant
McCormick Rankin Cagney

Steven has an extensive involvement in the development of Complete Streets. He is an engineer and urban strategist with an extensive mix of public and private sector experience. He has managed a range of projects in the transport and urban redevelopment sectors for more than 20 years.

Steven has done extensive work on the long-term relationships between urban form, transport, parking and vitality. He has worked on numerous public and private collaborations revitalising centres and experienced in Charrette and Enquiry by Design workshops.
