

Connect2Play FAQs

Q: What is Connect2Play?

Connect2Play is a message board facility that will enable EWGA DC members to connect with other members to self-organize rounds of golf. When someone posts a message to the message board, everyone who has registered will automatically get notified via email. So organize a round of golf, post the details on the Connect2Play message board, and check back for responses!

By selecting **Reply to Discussion**, your response will be posted on the Connect2Play message board for all to view. You can also send a private email to the sender by selecting **Reply to Sender**.

Q: How do I register for Connect2Play?

From the ewgadc.org home page, go to the **Connect2Play** section and click the button that says "**Register for Connect2Play**". To register, simply provide your email address and indicate how often you want to get notified when someone posts a new message to the message board. If you want to be notified of upcoming Weekend or Weekday Open Play events, we recommend that you register for daily notifications.

Note: You must be a member of the EWGA DC Chapter to participate in Connect2Play. If you are not already logged in to the EWGA web site as a member, you will automatically be taken to the log in screen and must first enter your EWGA user name and password before you can register for Connect2Play.
