

Want to change leagues 2012 ?????

As there is a new registration procedure this year – here's what's recommended.

You can only register for one (1) league so you should wait until close to the end of the "first priority" registration (2/25) to see if there are any spots where you want to move. If there are not any spots, you should register for your league you are returning too assuming you made the 75% attendance requirement.

As of 2/26/2012 at 12 noon registration will be open to all EWGA members on a first come first serve basis.
