### **More about Lone Star Cup X**

There were many other highlights in this 10th year for the Lone Star Cup. Jeri Phillips and Melanie Holdridge played in the first event -- called the Texas Cup back then -- and were recognized at the awards dinner as charter members. Our first time participants -- Ann Jaycox, Carol Scott, and Barb Walters -- were all in the winners circle. And in the fun play side, first time participant Jim Holdridge scored a personal best round on Friday. Dallas member Stacey Shupe joined with others from around the state to fill in the team for the Central Arkansas chapter. We hope to see them back with a full team next year.

The courses at Squaw Valley in Glen Rose are in great shape, and the staff really rolled out the red carpet for everyone. Next year's venue will be announced early next year. Watch for the survey coming later this year to collect your input for planning the 2012 Lone Star Cup.
