OBJECTIVES

Provide necessary information
to access healthy dietary choices
and opportunities for physical activity.

Supply information for teaching
healthy lifestyles and reversing
obesity in families and children.

Present information regarding
prevention of obesity complications
such as fatty liver disease and
Type 2 diabetes.

Identify and institute a plan of
care for disordered eating.

Present, "We Can!"
(Ways to Enhance
Children's Activity & Nutrition)
A national movement designed to
give parents, caregivers, and entire
communities a way to help children.
