Another year, and another great BBQ was enjoyed by the approximately seventy people who attended the annual Chapter 121 event at Williams Park, Langley on August 9th, 2009. The food was great, the camaraderie was excellent, and the annual International Bocce tournament was great fun. With more players than in the past, elimination games were played by the Americans and Canadians with the winners playing for the coveted International Bocce Trophy. Unfortunately the visitors were unable to unseat last years champions, but vowed vengeance next year. Better practice guys and gals, those Canadian are tough.

We would be remiss if we did not compliment and thank some of the people responsible for putting on another successful event. Chairman Malcolm Wilson did a great job in selling tickets and coordinating the food and helpers. Jim Marinello for the corn, and BBQ supplies. Ray Saunders and Dennis Radage for surviving the heat while cooking the food. To all those who brought salads and deserts, and most all to all of those who attended to make it a great success. Hope to see you all next year.

# Taking Pictures.....

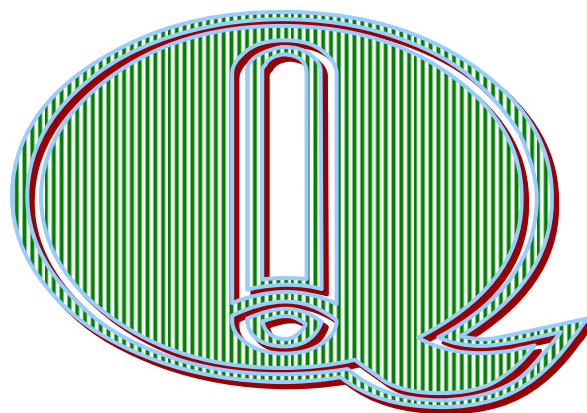

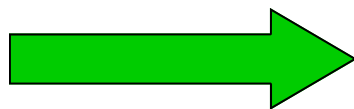

The program for the September meeting will be a hands on demonstration by Dennis Radage on the proper method to use when taking pictures of your clocks and watches. Dennis will bring and set up the equipment he uses to take pictures of his clocks. His skills and experience in taking pictures to be used on the Internet will be demonstrated, and he will help other members in learning from his successes. Dennis encourages Chapter 121 members to bring in their cameras, and their own clocks and watches as subjects for picture taking. So now is the time to bring in one of your prized possessions and have them photographed for the web, or for any other purpose such as insurance. It is hoped to have several stations set up in order to accommodate all who are interested in learning.
