

To help you promote your credentials, ACAT has created a new client brochure. When a client or potential client asks, "What do all those letters after your name mean?", you have a unique opportunity to explain and promote the value of your hard-earned credentials, and now you can give your clients professional materials to take home with them or read in your office

The cover of the eight-page brochure states "Expertise that's Above & Beyond ...When Choosing a Tax & Accounting Professional, Look for ACAT Credentials." Inside is information about each ACAT credential with a focus on how ACAT credentials are Above & Beyond IRS Standards.
