Come spend two full days learning the secrets of how to perform professional repair and touch up to damaged polyester or lacquer finished pianos. Whether you wish to be totally safe touching up edges, light scratches, and small defects, or you are ambitious enough to take on a lacquer or polyester fill repair, discover how you can add more income to your service calls.

Mike Ello, Registered Piano Technician, has been a professional piano technician since 1981 with over 30 years experience touching up lacquer and polyester finishes on pianos.

Take advantage of the special PTG rate at a nearby Hotel Lotus Merriam (free breakfast, fitness center, indoor pool, internet, parking and more).
