Our client is an ever expanding and evolving organization that prides themselves on providing a positive and supportive office environment. In this role you will apply your analytical, investigative, problem-solving, and communication skills to provide expert advice to their commercial clients.

This organization is offering an exceptional compensation package including exceptional health care benefits and a defined pension plan.

Responsibilities:

- Conduct accurate risk evaluation services through site surveys and customer interviews to evaluate loss exposure, hazards and controls for risks.
- Prepare Risk Services information reports.
- Provide risk improvement services to clients, brokers and underwriters.
- Conduct training meetings for clients and brokers.
- Ensure assignments are completed in a timely manner.
- Utilize risk management practices.
- Develop and maintain knowledge of Underwriting standards and company guidelines.
- Act as an Account Manager in regards to working relationships with both internal and external business contacts.

Qualifications:

- 8-10 years of industry experience in insurance or risk management.
- Experience working in a training capacity.
- A CIP designation would be considered an asset.
- Experience using Microsoft Office.
- Driver's license and clean driving abstract.
- Strong interpersonal skills.
- Excellent verbal, presentation and written skills.
- Strong time management skills.
- Ability to work independently with minimal supervision.
- Demonstrate outstanding customer service skills.
- Ability to meet deadlines and prioritize.
