

Dear Mr. Radu Demian,

I wanted to thank you and The Risk Management Society for making the RIMS Scholarship possible. The support is tremendously appreciated, and I am grateful for the opportunity that you provide to RMI students like me.

My name is Jason Vanhook and I am finishing my undergraduate degree this semester. I am a dual major with emphasis in Finance and Risk Management and Insurance, along with a minor in Economics. I currently have a 3.9 GPA and am pursuing the goal of graduating with honors. I am in great shape to do so and I cherish your financial help with achieving my goal.

Currently, I am living at home with my parents in Fort Collins. I am also currently working my first internship at Virtus Rocky Mountain, a local insurance broker. On my off-days from class I have been working a security job part-time and exercising outside when the weather permits. I enjoy running and hiking the most.

Even though I am not certain of my future, I am optimistic about the opportunities that are available for me in the Risk Management/Insurance scene. As of now, I plan to pursue a career in insurance upon my graduation. Once I graduate, I would like to live in Denver or Fort Collins to develop my professional career.

Thank you again for making the RIMS Scholarship possible. I hope one day to financially assist students with goals of higher education in the same manner.

Sincerely,

A handwritten signature in cursive script that reads "Jason Vanhook". The ink is dark and the signature is fluid, with a large 'J' and a stylized 'V'.

Jason Vanhook
