Question 6*

If you do not regularly attend meetings/events; what has kept you from attending?

ID	Any other reasons?	View Survey
3623208	Another person in my department is more directly involved in the local chapter, and my other committee activities sometime make attendance difficult, but I go when I can. NOTE: i only selected 'day of the week is not convenient'because your system did not accept a response in this box as an answer!	View
3623396	I regualrly attend but would like to have some meetings in Maryland, preferably Montgomery County.	View
3623656	Business travel	View
3623799	Meetings are too long. There is no reason for the meeting to be 2.5 hours long in the middle of the day. With travel time the day is shot.	View
3624311	Managing the time away from the office, the cost and the topics of discussion all never seems to work for me. I participate more in free webinars that can be done at my desk and with the different sources I have access to, the topics I am interested in are covered adequately by them. The chapter meeting format apears to me to be most conducive to networking and not risk information sharing/gathering. Therhe is also a lot of focus on enterprise risk which has been tried in my organization and was not successful and is not on the horizon.	View
3640279	Metro has a large Risk Management staff and we permit all of the staff to attend RIMS. We always send a representative to a meeting, just not me so far.	View
