NOTICE OF JOINT TECHNICAL CONFERENCE

MARI-TECH 2012

“RE-BIRTH OF THE MARINE TECHNICAL COMMUNITY”

10/11 April 2012
Ottawa, Canada

The 2012 conference will feature technical papers, as well as panel sessions in areas of Canada's marine industry, including current technology advances, offshore petroleum development, commercial shipping topics, environmental protection, safety management, the Royal Canadian Navy and Canadian Coast Guard vessel construction programs, and presentations by classification societies, marine insurers and regulators.

For more details, please see the conference website:
