Dear Architectural Engineers,

Hi my name is [redacted] I am 8 years old. When I grow up I want to be a captain. I'll say you if you build my ship when I'm an adult. I want to create the longest ship bigger than titanic, the Disney Pixar. I want it to be like the Disney Dream Ship. And it will sail on the pacific, atlantic, and caribbean seas. When I grow up I'll go to Fresno A & M then fly back to new york when I'm out of college.

Your new friend, [redacted]
