Dallas Section

Subject: 2013 Dallas Section of the Society of Petroleum Engineers Golf Tournament

Dear Sir/Madam,

The Dallas Section of the Society of Petroleum Engineers will be hosting its **30th** Annual Golf Tournament on Monday, June 3, 2013 at the Firewheel Golf Course in Garland, Texas.

The tournament needs financial sponsors to make it a success. Sponsorships of \$1000 (Diamond), \$750 (Platinum), \$500 (Gold) and \$250 (Silver) are solicited. Contributions for ditty bags, hole and door prizes are also solicited. All sponsors will be recognized on the sponsor board, in the tournament program and during the awards presentation. Your past and present support of the tournament is greatly appreciated. Without company donors, this tournament would not be possible. We would greatly appreciate your timely submittal of any sponsorship you may wish to donate as well as your completed entry form and fee. We look forward to your participation in helping make the 2013 SPE Golf Tournament a great success.

Over the years the service companies have done an outstanding job with some operator support funding this event. We would like to challenge operators to step up and/or continue their sponsorship so we can continue to increase the scholarship funds raised to help us all as we face future shortages in petroleum engineering manpower.

Very truly yours,

Dallas SPE Golf Committee
