

## TRIFACTS

### *Letter from the president....*

Happy Spring everyone!

I would like to thank everyone that attended the Annual Symposium this year. We had 78 attendees, which is down from the previous two years, but I'm hopeful we can increase that number for next year. Please ***Save the Date*** for April 2027.

I thought the venue was wonderful! The evaluation scores were exceptional for the hotel rooms, meeting facilities, and food services. Of course, we can't forget about the topics and speakers who provided excellent information and education and received high evaluation scores. For some the location of the venue was far to travel, which always tends to be a challenge when choosing a venue. there is already a committee in place to locate a more central venue for everyone for 2028.

TSSCVPR currently has 220 members, which is at 100% of our member totals from last year! Please continue to encourage and recruit others to become a joint member of Tri-State and AACVPR. Don't forget about the educational webinars that are offered by AACVPR. I just attended a live webinar yesterday titled: *Improve your ITP for Certification Success*. The cardiac program I manage will be submitting for recertification next year, so this information is helpful!

I will have the privilege of traveling to Chicago for the AACVPR Affiliate Leadership Forum(ALF) in June. i first attended this event last year and am really looking forward to attending again. I had a wonderful time networking, learning about other programs, and it was a great opportunity for me to grow in my leadership role. I want to thank the Board Members for allowing me this opportunity. It is greatly appreciated and valued. I hope to return with some information and processes to share and implement within TSSCVPR. Please reach out to me or any Board Member if you have any questions, would like more information about TSSCVPR, the Board, or how to become more involved.

Wishing you all a safe and happy Summer!

With Heart,

*Julee*

Julee Bricker,BSN, RN, CCRP

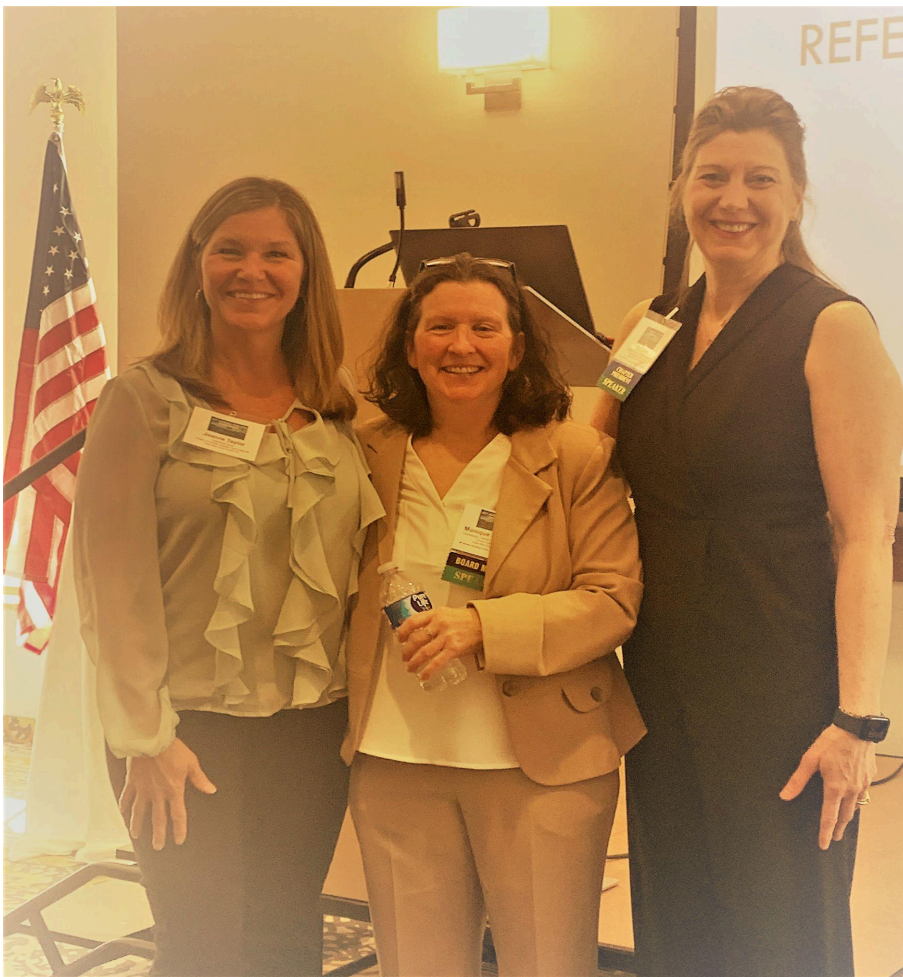

# SPOTLIGHTS

## TSSCVPR SYMPOSIUM

*WELCOME DR. SCALLY!!*

We welcomed our new medical director, Dr. Monique Scally to the symposium. Dr. Scally discussed her patient centered care practice and did a fantastic presentation on the new AHA/ACC hypertension guidelines. The presentation highlighted strategies to meet evidence based targets to reduce comorbidities. Essential for our rehab populations to know these targets and rationale to achieve them, and to be their best advocate if not at target!

# TSSCVPR BOARD MEMBERS

# SWEET AUCTION ITEMS!

## Social Media

TSSCVPR is expanding its social media presence. Please join and post the great work you are doing in your programs!

## Your Passion Fuels Progress and Your Energy Creates Impact September 30 - October 2 | San Antonio, Texas

The 41st AACVPR Annual Meeting is where cardiopulmonary rehabilitation professionals step out of the day-to-day and step into what's next. This is your opportunity to reconnect with your community, gain practical education you can use right away, and build relationships that strengthen your work long after the meeting ends.

Designed to be focused, engaging, and outcome-driven, 41st AACVPR Annual meeting brings together the community you need to move forward with confidence and renewed momentum. Ready to take the next step? Register by August 7th to maximize your savings.

*Be sure to reach out to the TSSCVPR community if  
you are attending!*

# *SAVE THE DATE!*

**Back to Boalsburg April 2027!**

*THANK YOU, THANK YOU, THANK YOU!!!!*

Ideas you want to share with the group in the next Trifacts???
