ACT 48

On July 13, 2016, the General Assembly enacted changes to the continuing education provisions of section 1205.2 of the Public School Code, 24 P.S. § 12-1205.2. Section 1205.2 was amended to include subsection (n.2), which permits a professional educator to carry forward into the next compliance period up to 50 hours of continuing professional education credits obtained during the final two years of the educator’s compliance period that are in excess of the required 180 credit hours for the current compliance period. In light of these changes, the Department is providing this initial guidance to address preliminary questions related to the new statutory provision.
