The Council for the Advancement of Nursing Science (CANS) was established in 2000 as an open membership entity of the American Academy of Nursing (Academy). As a signature initiative of the Academy, CANS works to be a strong voice of nurse scientists at the national and international level by supporting the development, conduct, and utilization of nursing science and facilitating life-long learning opportunities for its members. Strategic direction for CANS is provided by a National Advisory Council (NAC).

ABOUT THE VIRTUAL CONFERENCE

The Council for the Advancement of Nursing Science (CANS) is pleased to present the 2020 State of the Science Congress on Nursing Research, a virtual biennial research dissemination conference where nurse researchers from around the world join with recognized scientific experts, funding agencies, and policy makers, to explore emerging scientific discoveries, and to engage in dialogue, which is critical to our profession and to society. Along with the individual podium, symposia, and poster sessions, this year’s virtual Congress theme is “A 2020 Vision: The Environment’s Impact on Health,” and includes invited keynote speakers and panel sessions.

PURPOSE

The 2020 State of the Science Congress on Nursing Research will increase participants’ knowledge of the different ways individuals’ and families’ health and well-being can be influenced or changed by their environment, from the impact of climate change to the implications the environments that we live in have on our daily life, and examines the global, national and local effects of environment on the determinants of health.

LEARNING OUTCOME

Learners will be able to incorporate considerations of the environment on both a micro and macro-level within their own research to promote health and well-being of individuals, families, communities, and society.

Registration Cancellations
Please contact Elena Romick, Senior Events Manager, at conferences@AANnet.org with any questions or cancellation requests.
Advertisements
Post an employment opening, announce a new program or initiative, or congratulate an award winner by placing an advertisement in the conference program. The conference program is a comprehensive guide to all of the educational and virtual networking activities of the conference. The program contains the final agenda, speaker biographies, as well as the exhibitor directory and abstract presentation details. This opportunity will provide exposure to nurse researchers and those that influence the nursing profession and will allow you to gain valuable exposure for your product, service, or program. Please go to www.nursingscience.org/events/sos and click on “Sponsor, Advertising, Exhibitor Prospectus” to purchase an advertisement. Final ads are due by August 26, 2020.

Continuing Nursing Education
The American Academy of Nursing is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation. The fee for Contact Hours is included in the registration rate.

Exhibits
The virtual exhibit hall provides the opportunity to engage directly with conference attendees by booking a virtual booth visit at any time including scheduled exhibit hall hours. Each virtual booth is displayed on a customized landing page with your company name, logo, description, and links to products, brochures, social media, videos, and more. Visit www.nursingscience.org/events/sos and click on “Sponsor, Advertising, Exhibitor Prospectus” to learn more. All exhibitor applications are due by August 26, 2020.

Special Needs
If you require special accommodations or assistance, please contact Elena Romick, Senior Events Manager, at conferences@AANnet.org no later than September 4, 2020. We will make every effort to accommodate any special needs.

Sponsorship
There are many opportunities to invest in the 2020 State of the Science Congress. Sponsorship provides visibility for your organization and shows support for nursing science, CANS, and ongoing initiatives of the Academy. Sponsorship opportunities can be tailored to meet your needs. Please visit www.nursingscience.org/events/sos and click on “Sponsor, Advertising, Exhibitor Prospectus” to view all sponsorship opportunities. All sponsorship commitment applications are due by August 26, 2020. Please contact Elena Romick, Senior Events Manager, at conferences@AANnet.org for more information.
