Greetings!
To The
American Academy of Nursing

It gives me great pleasure to welcome all those attending the 2018 Transforming Health, Driving Policy Conference and extend greetings to those visiting Washington, D.C.

I extend special congratulations to the 2018 inductees selected to the Academy for your outstanding contribution to the healthcare field, and celebrate your accomplishments as you prepare to discuss policy issues that will help drive the transformation of our health system and meet the needs of a changing population.

You have my best wishes for a positive and productive conference.

Sincerely,

Eleanor Holmes Norton
American Academy of Nursing’s Mission

Serve the public and the nursing profession by advancing health policy, practice, and science through organizational excellence and effective nursing leadership.

The American Academy of Nursing is engaged in a number of initiatives that directly influence health.

These initiatives are aimed at policy, leadership, science, and practice. Throughout the conference, these initiatives will be highlighted, showing how the Academy’s efforts have significant impact. Our Institute for Nursing Leadership, Raise the Voice/EdgeRunners, Council for the Advancement of Nursing Science, Expert Panels, Choosing Wisely, and our view through the lens of social justice rounds out the Academy’s work. In addition, our five priority areas focus on violence prevention, opioid crisis, reproductive rights, environmental health, and toxic stress.

This year’s conference explores the contributions that nurses are making to drive policy that will create healthier populations. We will highlight nursing initiatives that are transforming health, leading change and influencing policy. As always, the topics are consistent with our strategic goals and are designed to engage you in a dialogue through interactive panels, open forums, poster sessions, a leadership workshop, and our very popular policy dialogues. We are excited to celebrate our new cohort of fellows, our Living Legends, and our Honorary Fellows.

Your Board of Directors look forward to great conversation and fellowship. The Board has worked hard this year on your behalf and during our business meeting will report on the health of the Academy. I want to especially acknowledge our Academy staff led by Interim CEO, Mary Dee Hacker, and welcome our new CEO who will be introduced at this conference. A sincere thank you to our Conference Planning Committee led by Kaye Bender (Chair), PhD, RN, FAAN along with her committee members:

Kenneth R. White, PhD, AGACNP-BC, ACHPN, FACHE, FAAN (Co-Chair)
Lola Fehr, MS, RN, CAE, PRP, FAAN (CE Liaison)
Kenya V. Beard, EdD, AGACNP-BC, NP-C, CNE, ANEF, FAAN
Elizabeth Gross Cohn, PhD, RN, FAAN
Teresa Haller, MSN, MBA, RN, NEA-BC, FAAN
Jeri A. Milstead, PhD, RN, NEA-BC, FAAN
Margaret Wilmot, PhD, MS, RN, FAAN
Thad Wilson, PhD, RN, FAAN, FAANP

I look forward to seeing you all over the next few days.
We will learn together!

Sincerely,

Karen S. Cox, PhD, RN, FACHE, FAAN
President, American Academy of Nursing
Welcome to the American Academy of Nursing’s 2018 Annual Policy Conference!

Our colleagues on the conference planning advisory committee join us in welcoming you to this celebration of the Academy’s culture of recognition, engagement, and philanthropy. We are excited to welcome 195 new fellows, as we gather to celebrate and learn about more about their amazing work. We also gather to both learn more about the complexities of health policy and to engage in scholarly dialogue about how the Academy can contribute to improving the health of the nation through informing sound and effective health policy.

We listened to the attendees of last year’s conference, and as a result, we have added some exciting perspectives based on their feedback. This year’s policy conference includes a candid look at all aspects of health policy development including evidence, advocacy, communication and implementation, all through the lens of social justice and health equity. The Academy’s approach to this year’s conference addresses some of the most compelling challenges in advancing policy. Thursday afternoon’s opening keynote, by Dr. Michael McGinnis, Leonard D. Shaeffer Executive Officer, National Academy of Medicine reminds us Why Science and Evidence are Important to Health Policy. Additional plenary sessions throughout the conference will focus on Evidence-Based Health Policy and Regulations; The Role of Evidence in Health Policy Communications; and Implicit Bias in Healthcare Interactions: Implications for Policy. Dr. Alicia Georges, an Academy fellow and President of the AARP, will close the conference with a riveting challenge A View from the Top: A Call to Action for Nursing Leadership in Sustaining Health Policy. There is no doubt that you will leave this conference more knowledgeable and more inspired to see health policy as a major tool in improving the health of our population.

In between those plenaries and panels are a series of Policy Dialogues that address high priority topics identified with input from Expert Panels. The topics for this year’s Policy Dialogues are: climate change and environmental health; toxic stress in children; trauma-informed care; opioids and social justice; the quadruple aim and healthy work environments; and the effects of federal legislation on reproductive rights and family health. On Thursday evening we honor seven new Living Legends for their extraordinary contributions to nursing and healthcare. And on Saturday evening, the Academy inducts and welcomes a stellar class of new fellows into our community of excellence.

We invite and look forward to your candid feedback about your experience at the 2018 American Academy of Nursing Transforming Health, Driving Policy Conference.

Enjoy the Conference!

OPENING KEYNOTE: WHY SCIENCE AND EVIDENCE ARE IMPORTANT TO HEALTH POLICY

Michael McGinnis
MD, MA, MPP

Michael McGinnis is the Senior Scholar at the National Academy of Medicine (NAM), NAM Leonard D. Schaeffer Executive Officer, and Executive Director of the NAM Leadership Consortium for a Value & Science-Driven Health System and is also an elected member of the NAM (1999). Dr. McGinnis has previously held continuous appointment through the Carter, Reagan, Bush, and Clinton Administrations at HEW/HHS with policy responsibility for disease prevention and health promotion (1977-1995). Other posts include Senior Vice President, Robert Wood Johnson Foundation (RWJF, 1999-2005); Chair, World Bank & European Commission Task Force for Health Reconstruction in Bosnia (1995-1996); Visiting Professor of Public Policy, Princeton and Duke (1996-1999); Acting Director, HHS Office of Research Integrity (1992-1993); state director of World Health Organization smallpox eradication program in Uttar Pradesh, India (1974-1975); and Coordinator, US.-Eastern European Cooperative Health Programs (1972-1974).

Dr. McGinnis is the architect of various national-level activities, including the Learning Health System initiative (NAM, 2006–ongoing), the Healthy People national health goals and objectives (HHS, 1979-ongoing), the Dietary Guidelines for Americans (HHS/USDA, 1980-ongoing), the US Preventive Services Task Force (Independent, HHS-supported, 1984-ongoing), the Health & Society Scholars Program (RWJF, 2002-2017), and the Young Epidemiology Scholars Program (RWJF, 2001-2012).

Dr. McGinnis's scientific interests and leadership focus on population health and the determinants of health, with approximately 200 articles and 20 edited books. He was educated at Berkeley (BA), UCLA (MA, MD), and Harvard (MPP). National recognitions include the public health Distinguished Service Medal (1989), the Health Leader of the Year Award (1996), and the Public Health Hero Award (2013).

Jeri A. Milstead
PhD, RN, NEA-BC, FAAN

Jeri A. Milstead is an internationally known expert in public policy and the politics of health care. She is the founding editor and senior author of Health Policy and Politics: A Nurses Guide, 6th ed., which is sold in 22 countries (6 of 7 continents), and author of the Handbook of Nursing Leadership: Creative Skills for a Culture of Safety. She currently has invited chapters in four other nursing textbooks, has published in national and international journals, and was Editor-in-Chief of The International Nurse from 1995 to 2006, when the publication was retired. She was a policy advisor in the Washington, DC office of Sen. Daniel K. Inouye (D-HI).

Dr. Milstead holds a PhD in Political Science with majors in public policy and comparative politics from the University of Georgia; an MS and BS, cum laude, in nursing from The Ohio State University; and a diploma from Mt. Carmel Hospital School of Nursing, where she is a Distinguished Alumna and member of the Board of Trustees. She is a Life Member of the OSU Alumni Association. Dr. Milstead is a member of the American Academy of Nursing (AAN) Development Committee; the Expert Panel on Global Nursing and Health; and the Planning Committee for the 2018 AAN Transforming Health, Driving Policy Conference.

She is Professor and Dean Emerita, University of Toledo College of Nursing (1998-2008); was director of graduate programs at Duquesne University, Pittsburgh, PA (1995-1998); and was a faculty member at Clemson University, SC (1985-1995). She currently is a consultant on leadership, education, and public policy.

From 2005 through 2008 she was appointed by the county commissioners to the Toledo-Lucas County Port Authority, where she served as chair of the Seaport Committee and the Human Resources Committee and was a member of a trade delegation to China in April 2006. She has conducted research or consultation in The Netherlands, Jordan, Nicaragua, and Cuba.
THURSDAY, NOVEMBER 1
INTERACTIVE PLENARY PANEL: EVIDENCED-BASED HEALTH POLICY AND REGULATIONS

Representative Gale Adcock
MSN, RN, FNP-C, FAANP, FAAN

Rep. Gale Adcock describes herself as a nurse by grace, a North Carolinian by choice, and a politician by necessity. She received a BSN from ECU and a master’s degree from UNC Chapel Hill and has been a family nurse practitioner since 1987. In addition to being a primary care clinician, she is a writer, national speaker, advocate, activist, and adjunct faculty at Duke, East Carolina University and UNC-Chapel Hill. She is a Fellow of the American Academy of Nurse Practitioners and a Fellow of the American Academy of Nursing.

She is Chief Health Officer for global business analytics giant the SAS Institute, where she leads a 58-member staff who deliver free primary care to 14,000 SAS employees and family members, newborns to elders. Her multidisciplinary team consistently keeps SAS in Fortune Magazine’s annual 100 Best Places to Work and saves the company more than $8 million annually in avoided health insurance costs.

Representative Adcock served seven years on the Cary, NC Town Council before running for a competitive NC House seat in 2014. She is serving her second term and is the first (and still only) Advanced Practice Registered Nurse elected to the North Carolina General Assembly. She has been recognized by the NC League of Conservation Voters for her pro-environment record, by Democracy North Carolina for transparency in campaign finance reporting, as a “Champion for Health” by the NC Alliance for Health, and as the 2017 “Legislator of the Year” by the NC Nurses Association. In June 2018 she received the Barbara Thoman Curtis Award from the American Nurses Association for her enduring contributions to health care policy impacting practice.

Representative Adcock has a reputation as a common sense leader, as a health care and local government expert, and as a successful legislator with the ability to work effectively across the aisle.

G. William Hoagland

G. William Hoagland joined the Bipartisan Policy Center (BPC) in September 2012 as senior vice president. He helps direct and manage fiscal, health, and economic policy analyses for BPC. Before joining BPC, he served as CIGNA Corporation’s Vice President of Public Policy beginning in 2007. Prior to joining CIGNA, Hoagland completed 33 years of federal government service, 25 spent as staff in the US Senate. From January 2003 to January 2007, he served as the Director of Budget and Appropriations in the office of Senate Majority Leader Bill Frist.

From 1982 until 2003, Mr. Hoagland was a staff member of the Senate Budget Committee, serving as that committee’s staff director from 1986 to 2003, reporting to Senator Pete V. Domenici, chairman and ranking member during this period.

In 1981 he served as the administrator of the Department of Agriculture’s Food and Nutrition Service and as a Special Assistant to the Secretary of Agriculture. Mr. Hoagland was one of the first employees of the then newly created Congressional Budget Office in 1975, working with its first director, Alice Rivlin.

Born in Covington, Indiana, he attended the US Merchant Marine Academy and holds degrees from Purdue University and Pennsylvania State University. His family’s Indiana farm was awarded by that state as a “Hoosier Homestead” for having remained in the family for over a century.

Robin P. Newhouse
PhD, RN, NEA-BC, FAAN

Robin P. Newhouse is the Dean of the Indiana University (IU) School of Nursing and an IU Distinguished Professor. Her research focuses on health system interventions to improve care processes and patient outcomes. She has published extensively on health services improvement interventions, acute care quality issues, and evidence-based practice.

Dr. Newhouse was appointed to the Methodology Committee of the Patient Centered Outcomes Research Institute (PCORI) and is currently serving as the committee’s chair. She has served on multiple Institute of Medicine (IOM) committees and is the chair of the Academy Health Board. Dr. Newhouse was inducted into the Sigma Theta Tau International Honor Society.
Bernadette Mazurek Melnyk is Vice President for Health Promotion, University Chief Wellness Officer, Professor and Dean of the College of Nursing at The Ohio State University (OSU), and Professor of Pediatrics and Psychiatry at OSU’s College of Medicine. She is a nationally/internationally recognized expert and researcher in evidence-based practice (EBP), intervention research, child & adolescent mental health, and health & wellness and is a frequent keynote speaker at national/international conferences on these topics.

Dr. Melnyk has led the EBP movement in nursing across the US for the past two decades and has consulted with hundreds of health care systems and academic institutions throughout the nation and globe on how to improve health care quality and population health outcomes through EBP. Her record as principal investigator includes over 33 million dollars of sponsored funding from federal agencies and foundations. She is an editor of five books and author of over 315 publications, including two American Journal of Nursing Book of the Year Awards.

Dr. Melnyk has received numerous national and international awards, including the inaugural NIH/NINR Director’s Distinguished Lectureship Award, the Lifetime Achievement Award by the National Organization of Nurse Practitioner Faculty, the Loretta Ford Award from the National Association of Pediatric Nurse Practitioners, and the Nancy Sharpe Cutting-Edge Award by the American Association of Nurse Practitioners. She also has been twice named an Edge Runner by the American Academy of Nursing and was inducted into Sigma Theta Tau International’s Research Hall of Fame.

Dr. Melnyk is the founder and Executive Director of the new Helene Fuld Health Trust National Institute for Evidence-based Practice in Nursing & Healthcare, which is housed at The Ohio State University, College of Nursing. She founded the National Interprofessional Education and Practice Collaborative to advance the Department of Health and Human Services’ Million Hearts® initiative to prevent one million heart attacks and strokes by 2017, which now has over 150 participating academic institutions and organizations throughout the US. She also created and chaired the first three National Summits on Building Healthy Academic Communities and founded the National Consortium for Building Healthy Academic Communities, a collaborative organization to improve population health in the nation’s institutions of higher learning, for which she served as its first president.

**FRIDAY, NOVEMBER 2**

**INTERACTIVE PLENARY PANEL: THE ROLE OF EVIDENCE IN HEALTH POLICY COMMUNICATIONS**

William K. Hallman

PhD

William K. Hallman is a Professor and Chair of the Department of Human Ecology at Rutgers, the State University of New Jersey and is a Distinguished Research Fellow at the Annenberg Public Policy Center of the University of Pennsylvania. He formerly served as the Director of Rutgers Food Policy Institute and as Chair of the Risk Communication Advisory Committee of the US Food and Drug Administration.

Dr. Hallman holds a BS in Biology and Psychology from Juniata College in Huntingdon, Pennsylvania and an MA and PhD in Experimental Psychology from the University of South Carolina.
He joined the Rutgers faculty in 1989 and is a member of the graduate faculties of the Departments of Psychology and Nutritional Sciences as well as of the Bloustein School of Planning and Public Policy.

An expert in risk perception and risk communication, Dr. Hallman has written extensively on public perceptions of controversial issues concerning food, technology, health, and the environment. In particular, he has conducted research related to food safety, food recalls, genetically modified foods, nanotechnology in food and agriculture, cloning, qualified health claims for food products, and the safety of perishable proteins purchased on the internet. In addition, Dr. Hallman has conducted research on personal precaution-taking against Lyme disease; perceived exposures and unexplained symptoms experienced by veterans of the Gulf War; post-traumatic stress among firefighters responding to 9/11; the uptake of influenza vaccinations; public reactions to coastal storm warnings; public perceptions of the contamination of soil, oil, and air; and other issues.

Dr. Hallman is the author or co-author of more than 200 peer-reviewed papers, book chapters, abstracts, monographs, and other publications. He recently co-authored the Risk Communication Applied to Food Safety Handbook, published jointly by the Food and Agriculture Organization (FAO) of the United Nations and the World Health Organization (WHO), and was co-author of the recent National Academy of Sciences’ consensus report, Communicating Science Effectively: A Research Agenda. He also serves on the Advisory Committee for the Climate Communications Initiative of the National Academies and on the Organizing Committee of the National Academies’ Sackler Colloquium on the Science of Science Communication.

Mary K. Wakefield
PhD, RN, FAAN

Mary K. Wakefield is the Visiting Distinguished Professor in the Practice of Health Care at Georgetown University and also a Visiting Professor and Distinguished Fellow at the University of Texas at Austin. Prior to these appointments, in March 2015, Dr. Wakefield was named by President Barack Obama to serve as the Acting Deputy Secretary of the US Department of Health and Human Services (HHS), the second highest position in the Department. She held this position through January 20, 2017. As a senior government official, she was responsible for overseeing the management and operations of HHS, a department with a $1 trillion budget and 80,000 employees. In addition, she led strategic Department-wide initiatives in key health policy areas, with a particular focus on health and human service programs for vulnerable populations. Her domestic policy work largely focused on improving health status for underserved populations, including strengthening health programs for American Indians and Alaska Natives and improving data analysis to better understand the health needs of rural populations. Additionally, she frequently represented the HHS in meetings with health ministers to discuss challenges ranging from substance addiction and HIV/AIDS to delivery system reform and ensuring access to health care services.

Prior to becoming Acting Deputy Secretary, Dr. Wakefield was appointed by President Obama as the Administrator of the Health Resources and Services Administration (HRSA). With a budget over $10 billion, HRSA programs impact the health of individuals, families, and communities in all 50 states. From 2009 to 2015, Dr. Wakefield initiated and led program improvements at HRSA to further strengthen the health care workforce, build healthier communities, increase health equity, and provide health care services to people who are geographically isolated or economically or medically vulnerable.

Dr. Wakefield’s public service career also includes over eight years working in the United States Senate, where she served as a legislative assistant and later as chief of staff to two North Dakota senators: Sen. Kent Conrad and Sen. Quentin Burdick.

Dr. Wakefield has extensive academic experience, including serving as Associate Dean for Rural Health at the School of Medicine and Health Sciences University of North Dakota; as Director of the Center for Health Policy, Research and Ethics at George Mason University in Fairfax, VA; and as a faculty member and area chair in the College of Nursing, University of North Dakota. Additionally, she worked on-site as a consultant to the World Health Organization’s Global Program on AIDS in Geneva, Switzerland.

Dr. Wakefield is a member of the National Academy of Medicine (formerly the Institute of Medicine [IOM]) and a fellow in the American Academy of Nursing. She has served on a number of public and not-for-profit boards and committees, bringing expertise in nursing, health care quality, and access to care and health workforce. Dr. Wakefield served on the IOM committee that produced the landmark reports To Err is Human and Crossing the Quality Chasm. She also co-chaired the IOM committee that produced the report Health Professions Education: A Bridge to Quality and chaired the committee that produced the report Quality through Collaboration: Health Care in Rural America.

Her service also includes membership on the Medicare Payment Advisory Commission, Chair of the National Advisory Council for the Agency for Healthcare Research and Quality, member of President Clinton’s Advisory Commission on Consumer Protection and Quality in the Health Care Industry, member of the National Advisory Committee to HRSA’s Office of Rural Health Policy, and member of the Commonwealth Fund’s Commission to Create a High Performing Health System.

Dr. Wakefield is a Registered Nurse and began her nursing career practicing in medical-surgical and intensive care nursing. She is a native of Devils Lake, North Dakota. Dr. Wakefield has a Bachelor of Science degree in Nursing.
from the University of Mary in Bismarck and Master's and Doctoral degrees in Nursing from the University of Texas at Austin. She also completed the Harvard University School of Government's Program for Senior Managers in Government.

PLENARY PANEL MODERATOR:
Diana J. Mason
PhD, RN, FAAN

Diana J. Mason is Senior Policy Service Professor at the Center for Health Policy and Media Engagement, George Washington University School of Nursing and Professor Emerita at Hunter College, City University of New York, where she co-founded and co-directed the Center for Health, Media, and Policy.

She is a past President of the American Academy of Nursing, former Editor-in-Chief of the American Journal of Nursing, and producer and moderator of a community radio program on health care issues since 1985. She is the lead editor of the award-winning book Policy and Politics in Nursing and Health Care, now in its 7th edition, and co-chair of the Josiah Macy Foundation Report Registered Nurses: Partners in Transforming Primary Care. Dr. Mason blogs on policy for HealthCetera and the Journal of the American Medical Association (JAMA). She is a member of the National Advisory Committee for Kaiser Health News and a member of the boards of directors for the Primary Care Development Corporation and Public Health Solutions. Dr. Mason is a member of the National Academies of Science, Engineering and Medicine Committee on Integrating Social Needs Care into the Delivery of Health Care to Improve the Nation's Health.

She is the lead investigator on a replication of the 1998 Woodhull Study on Nurses and the Media and an additional analysis of journalists' experiences with using nurses as sources in health news stories. Her other research includes studies on how nurse-designed models of care incorporate building a culture of health, the intersection of media and policy through an examination of the ProPublica series on the California Board of Registered Nurses, and the representation of health professionals on the governing boards of health care organizations in New York City. She chairs the National Advisory Board for the study of Ambulatory Integration of Medical and Social (AIMS), funded by the Commonwealth Fund to examine the impact of using social workers to address social determinants of health in primary care.

Dr. Mason is the recipient of numerous awards for leadership, the dissemination of science, writing, and advocacy. She received a BSN from West Virginia University, an MSN from St. Louis University, and a PhD from New York University. She received an Honorary Doctorate of Science from West Virginia University and an Honorary Doctorate of Humane Letters from Long Island University.

FRIDAY, NOVEMBER 2
INTERACTIVE PLENARY: IMPLICIT BIAS IN HEALTH CARE INTERACTIONS: IMPLICATIONS FOR POLICY

Benjamin D. Reese, Jr.
PsyD

Benjamin D. Reese, Jr., is a clinical psychologist and the Vice President for Institutional Equity at Duke University and Duke University Health System and their Chief Diversity Officer. He is also adjunct faculty in the departments of Community & Family Medicine and Psychology & Neuroscience.

His areas of specialization are implicit bias, race relations, diversity/inclusion training, and conflict resolution. Dr. Reese has more than 45 years’ experience in the fields of race relations and diversity and is a highly sought-after national speaker and international workshop facilitator and consultant to higher education, health care, not-for-profit organizations, and the corporate environment.

He has represented both the International Council of Psychologists and the World Federation for Mental Health (non-governmental organizations) at the United Nations. Dr. Reese is the immediate past president of the National Association of Diversity Officers in Higher Education (NADOHE) and served on its founding board. In addition, he serves on the Editorial Advisory Board of the journal Liberal Education and is a reviewer for the Journal of Diversity in Higher Education. He is a member of the NC Advisory Board of the Full Frame Documentary Film Festival and is a board member of The Center for Documentary Studies.

In 2016, the North Carolina Business Journal awarded him their Lifetime Diversity Achievement Award in recognition of almost 50 years of leadership on issues of race relations and diversity.

PLENARY MODERATOR:
Kenya V. Beard
EdD, AGACNP-BC, NP-C, CNE, ANEF, FAAN

Kenya V. Beard is a 2012 Macy Faculty Scholar and the Dean of Nursing and Allied Health Sciences at Nassau Community College. Dr. Beard is also a Faculty Scholar for the Harvard Macy Institute, Program for Educators in Health Professions and shares her expertise on creating environments that propel discourse on race, bias, and health care disparities. During her tenure at Hunter College School of Nursing, she founded the Center for Multicultural Education and Health
Disparities and disseminated research and best practices to strengthen the delivery of health care. As a Senior Fellow at the Center for Health Policy and Media Engagement, she co-produced health care disparity segments for HealthCetera on Little Water Radio.

Dr. Beard is a national speaker who is driven by a scientific passion for providing meaningful ways to eliminate health care disparities through a diverse, well-prepared workforce. Many have benefited from her webinars, blogs, workshops, research, and publications that speak to the complexities of diversity and emphasize critical ways to advance health equity. Her national workshop “Diversity & Inclusion: Facilitating Race-Related Discourse that Matters” mitigates bias in health care and is supported by the National League for Nursing. As a proponent for eliminating disparities in academia, she led the New York State Action Coalition in constructing the 2014 Workforce Diversity Toolkit for New York. In 2016 she was called upon by the National League for Nursing to assist with the development of their 2016 Diversity Vision Statement and recently helped co-create the Josiah Macy Foundation’s 2018 ground-breaking document Improving the Environment for Learning in the Health Professions. Her work has earned her numerous awards and honors.

Dr. Beard is currently a fellow of the New York Academy of Medicine, Academy of Nursing Education, and American Academy of Nursing and serves on the editorial board for the American Journal of Nursing. She completed her AAS and BSN degrees from Phillips Beth Israel School of Nursing and Excelsior College in New York, respectively. She earned her MS degree from Stony Brook University and her EdD degree in Educational Administration from Dowling College.

SATURDAY, NOVEMBER 3
CLOSING KEYNOTE: A VIEW FROM THE TOP: A CALL TO ACTION FOR NURSING LEADERSHIP IN SUSTAINING HEALTH POLICY

Catherine Alicia Georges
EdD, RN, FAAN

Catherine Alicia Georges has served on the AARP Board of Directors since 2010 and was elected by the Board to serve as AARP’s National Volunteer President through June 2020. In this role, Dr. Georges is the principal volunteer spokesperson for AARP and a liaison between the Board and those AARP serves. In addition to her duties representing AARP, Dr. Georges is a professor and chair of the Department of Nursing at Lehman College of the City University of New York and volunteer President of the National Black Nurses Foundation. She serves on the board of the Black Women’s Health Study and R.A.I.N., Inc.

Dr. Georges is also a fellow of the American Academy of Nursing and the New York Academy of Medicine and a lifetime member of the National Black Nurses Association and Alpha Kappa Alpha Sorority. She earned her undergraduate degree from the Seton Hall University College of Nursing, her MA in Nursing from New York University, and a doctoral degree in Educational Leadership and Policy Studies at the University of Vermont. She resides in Bronx, NY.

CLOSING KEYNOTE MODERATOR:
Elizabeth Gross Cohn
PhD, RN, FAAN

Elizabeth Gross Cohn was named a 2016 White House Champion of Change in Precision Medicine for her work at the intersection of precision medicine, public health, and health equity. She is the Rudin Professor at Hunter-Bellevue School of Nursing, focused on urban community health and community-engaged research. She has had funding from the National Institutes of Health, the Patient-Centered Outcomes Research Institute, and the New York State Department of Health. She is an alumnus of the Robert Wood Johnson Foundation Nurse Faculty Scholars Program. Her work has been featured in the New York Times, on National Public Radio’s All Things Considered, in The Atlantic and in Men’s Health. She is the author of a cardiology text, Flip and See ECG, now in its 4th edition published by Elsevier. She volunteers in a medical-legal program she established with a retired US Army Vietnam veteran. The clinic focuses on representing homeless, sheltered, and at-risk veterans in Long Island.

Dr. Cohn received her associate’s degree from Nassau Community College, her bachelor’s degree from the State University of New York at Purchase, her master’s degree and degree as Nurse Practitioner from the State University of New York at Stony Brook, and her doctorate from Columbia University.

American Academy of Nursing Conference Policies

**ADMISSION TO SESSIONS**
Official name badges will be required for admission to all Academy sessions. All attendees receive a name badge with their registration materials. Name badges should be worn at all times inside the hotel as badges will be used to control access to sessions and activities. Attendees are cautioned against wearing their name badges outside the hotel as badges draw unwanted attention to your status as visitors to the Washington, DC area.

**ADMISSION BY TICKETS**
Admission into the Living Legends Ceremony & Dinner and the Induction Ceremony & Soiree are included in the price of a full conference registration. The Thursday and Friday only registration fee includes admission to the Living Legends Ceremony & Dinner, and the Friday and Saturday only registration fee includes admission to the Induction Ceremony & Soiree. Your registration packet will include all tickets, including tickets purchased for the Leadership Workshop and Luncheon, boxed lunches, or additional ceremony tickets purchased for guests. If you believe you are missing a ticket, please check with the registration desk. Tickets will be collected at the door by ushers.

**ATTIRE**
Appropriate dress for the policy conference is business casual. A jacket or sweater is recommended as meeting room temperatures may vary. Dress for the Living Legends Ceremony & Dinner is formal business attire (suits and ties for men, business-like dress for women). Dress for the Induction Ceremony & Soiree is cocktail-to-formal, with black tie optional.

**CELL PHONE PROTOCOL**
Please ensure that cell phones are silenced during all sessions.

**CONTINUING EDUCATION**
Continuing Nursing Education contact hours must be purchased for $50 to receive credit for attendance at this year’s meeting. Contact hours will be awarded separately for each component. Successful completion for obtaining contact hours for presentations requires attendance at complete sessions. Successful completion for obtaining contact hours for viewing e-posters requires attending full 30-minute segments. 0.5 contact hours will be awarded for each segment attended. Attendees can earn a total of 12.25 hours by attending all plenary sessions and e-poster sessions and completing the online evaluation form after the meeting.

**EMERGENCY & FIRST AID**
The Marriott Marquis Washington is fully prepared to handle emergency requests and first aid. In case of an emergency, pick up any house phone for immediate assistance and contact Academy staff for support. Remember to note all emergency exits throughout the hotel.

**EVALUATIONS**
The meeting evaluation will be available online at the completion of the conference. Notification will be sent via e-mail to all attendees. Please take the time to complete the evaluation form; your input and comments are essential in planning future Academy Policy Conferences.

**Exhibits**
**Location:** Marquis Salon 12/13
Visit the 2018 exhibitors to show your support of the new programs and products displayed at this year’s conference.

Floral Orders
We ask that you consider a gift to the Rheba de Tornyay Development Fund in lieu of flowers as this gift will have a greater impact on Fellows and the advancement of the Academy’s mission. However, if you would prefer to order flowers, the Academy’s preferred florist is Greenworks Flowers. You can contact by calling (202) 265-3335. Flowers will be distributed by Greenworks Flowers for Saturday evening and may be claimed between 4:00PM - 5:30PM in Marquis Salon 14. After 5:30PM, any flowers not claimed will be left unattended and labeled with the recipient’s name on a table in Marquis Salon 14. In order to keep the induction ceremony flowing without disruption, flower arrangements MAY NOT be presented to a new Fellow during their induction. We ask that you please respect this policy.

Conference Lounge & App Help Desk
Visit the conference lounge located in Marquis Salon 15 on Meeting Level 2 to enjoy refreshments, snacks, and a relaxing place to network.

| THURSDAY, NOVEMBER 1 | 7:00AM - 5:00PM |

No Smoking
The Marriott Marquis Washington is a non-smoking property.

Parking
Valet parking is the only option available for $47 per day + tax. This includes in/out privileges. Limited space is available, and there is an additional $8 fee for oversized vehicles (max. 6ft 4in).

Induction Ceremony Seating
There is no assigned seating for the Induction Ceremony. However, friends and family members of new inductees will be granted access to the Marquis Ballroom at 4:30PM to reserve seats in a designated section. The ballroom will be open to all attendees at 4:45PM, and guests will be ushered to available seating by Academy staff. Any vacant reserved seats will be released by Academy staff and made available to general attendees at 5:45PM. 2018 Inductees, Honorary Fellows, Living Legends, Past Presidents, and Academy Board Members will have assigned seating in the front of the ballroom.

Lost & Found
Please visit the Marriott Marquis registration desk if you have lost or found an item during the course of the conference. You may also wish to check with hotel security regarding lost items.

Photography
Cameras are not permitted in any conference educational sessions or in the e-poster area. The Academy has arranged for a photographer to be present throughout the conference. The Academy will use these photos in publications and to produce related literature and products for public release. Individuals photographed will not receive compensation for the use and release of these photos and will be deemed to have consented to the use and release of photos in which they appear. If you are opposed to being photographed, please immediately notify the photographer or an Academy staff member if your picture is taken. Thank you for your cooperation.
Registration Desk

Rheba de Tornyay Development Fund

To quote Dr. de Tornyay, “We are a small group charged with setting the course for a large and essential profession.” The effectiveness of the Academy, in part, depends on a healthy Development Fund. The Academy’s Rheba de Tornyay Development Fund is challenging each Fellow to establish their presence in the Academy. The ways in which a Fellow’s presence can be felt includes active participation on an expert panel or committee; sponsorship of a New Fellow, Living Legend, or Honorary Fellow; or donation of a monetary gift that is at a level meaningful to them. When you consider a gift to a new Fellow, please consider a gift to the Rheba de Tornyay Development Fund. You may donate online at www.AANnet.org or on-site at the Academy Shoppes.

As the inaugural board chair for Advocate Aurora Health and for your years of dedication and innovation in nursing, we’re honored to have you on our team.

Congratulations on this tremendous honor of being named a Living Legend.

AdvocateAuroraHealth
Congratulations
Marilyn P. Chow, RN, PhD, FAAN

Kaiser Permanente congratulates Marilyn Chow on being named a Living Legend of the American Academy of Nursing.

A recognized leader and health care pioneer, Marilyn has enriched and advanced nursing through her work in nursing practice, workforce policy, quality, education and innovation. During her 16-year tenure at Kaiser Permanente, she grew and strengthened the professional practice for our nearly 59,000 nurses, enabling the high-quality, safe and compassionate care of our more than 12.2 million members.

Marilyn’s leadership and groundbreaking work has helped shape the role of nurses and nursing in our rapidly changing industry.

We salute you, Marilyn, for achieving this highest honor of the AAN – and for your invaluable contributions to health care and nursing.
At Mayo Clinic, you will be part of an amazing team committed to solving the most serious and complex health care challenges – one patient at a time.

- Mayo Clinic Research Programs received $512.1 million in extramural funding (2017)
- 4,500 staff physicians and scientists at Mayo Clinic
- 64,000 total staff with 14,000 nurses campus-wide
- Mayo Clinic has received Magnet® Designation 5 times
- Total clinic patients: 1.3 million

Nurse Scientists conduct clinically relevant research that directly impacts patient outcomes. Nurse Scientist opportunities are available on Mayo Clinic campuses in Rochester, MN and Phoenix, AZ. A trajectory of extramural grant funding and robust publication record is expected. Applicants must have a PhD and be licensed as a registered nurse in the U.S.

U.S. News & World Report ranked Mayo Clinic’s campus in Rochester, MN the best hospital in the nation in its 2018-2019 rankings, and Mayo Clinic’s Arizona campus ranks No. 11 on the Best Hospitals in the Nation Honor Roll. We offer a highly competitive compensation package that includes exceptional benefits. To learn more visit: jobs.mayoclinic.org or www.mayoclinic.org/nursingresearch

The Sisters of Mercy and the Mercy Medical Center family are proud to congratulate Debra Holbrook, MSN, RN, SANE A, FNE A/P, FAAN (c) Manager of Forensic Nursing on her Induction as a Fellow to the American Academy of Nursing.
The program gave me the opportunity to learn and collaborate with an amazing cohort of nurse leaders from a range of practice settings—all committed to improving patient care. I left the program with a broader perspective of the major issues facing nurses and all health care providers. The program was one of the highlights of my career."
