AAN Mission

To serve the public and nursing profession by advancing health policy and practice through the generation, synthesis and dissemination of nursing knowledge.
November 9, 2006

Greetings!

On behalf of the more than two million residents of Miami-Dade County, it is my pleasure to welcome everyone gathered for the 33rd Annual Meeting and Conference of the American Academy of Nursing.

Nurses are often the unsung heroes in the medical profession. Your commitment to helping our society live in an atmosphere of good health and dignity is admirable.

I am delighted Miami-Dade County was selected for this important event. The information available at this year’s “Integrating Physical and Mental Health Care” conference will help participants enhance their skills, so they can better serve patients.

We are home to people from over 156 countries, who communicate in more than 64 different languages. Miami-Dade County is a diverse community and your event is a wonderful addition to our multi-cultural programs. We offer a variety of activities and destinations for visitors, including world-class beaches, hotels, restaurants, shopping, attractions, arts and culture, sports, and recreation. I hope during your stay, you have an opportunity to enjoy our wonderful amenities.

I wish all of the participants and attendees every success and an enjoyable experience.

Sincerely,

Carlos Alvarez
Mayor
Dear Colleagues:

Welcome to the Academy's Annual Meeting!

This year's theme, *Integrating Physical & Mental Health Care* applies to every area of nursing. It is nursing - and our conference this year highlights the vital role that nurses are playing in improving the nation's health. Our speakers reflect a wide array of perspectives on what nurses are doing - and how nurses could expand that influence further. In addition, at this conference, we will launch a year-long initiative aimed at educating the public and policy makers about the research that nurses are doing and, more importantly, the impact of that research on people's lives.

We hope that you have a productive and enjoyable conference.

Keynote Speaker

Jessie Gruman, PhD

Jessie Gruman is the founder and President of the Center for the Advancement of Health, an independent, nonpartisan Washington-based policy institute funded by the John D. and Catherine T. MacArthur Foundation, the Annenberg Foundation and others.

Since it was established in 1992, the Center has worked to translate health research into effective policy and practice. The Center focuses specifically on ensuring that evidence of the influence of social, behavioral and economic factors on health is used in efforts to prevent, manage and treat disease. Dr. Gruman has worked on this same set of concerns in the private sector (AT&T), the public sector (National Institutes of Health) and the voluntary health sector (American Cancer Society).

She received her undergraduate degree from Vassar College and her PhD in social psychology from Columbia University. She serves on the boards of trustees of the National Health Council, the Public Health Institute, the Sallan Foundation, and the Center for Information Therapy, among others.

Dr. Gruman is a Fellow of the Society of Behavioral Medicine and has received the Society’s awards for distinguished service and “Leadership in Translation of Research to Practice.” She was recognized for outstanding service from the American Psychological Association and recently was honored by Research!America for her leadership in advocacy for health research. She is the recipient of an honorary doctorate in public policy from Carnegie Mellon University and the Presidential Medal of The George Washington University. She served as the Executive in Residence at Vassar College and is a member of the Editorial Board of The Annals of Family Medicine, the Society of Behavioral Medicine, the American Psychological Association, the American Psychological Society, and the Council on Foreign Relations.

Dr. Gruman is the author of numerous articles and essays published in the scholarly and public media. Her forthcoming book for the general public: After Shock: What to do When the Doctor Gives You – or Someone You Love – a Devastating Diagnosis (Walker, 2006) is about how people use scientific information to make decisions about their healthcare.
Plenary Speaker

Virginia Trotter Betts, JD, RN, MSN, FAAN

Virginia Trotter Betts, a nationally and internationally recognized leader in health and mental health policy, serves as the Commissioner of the Tennessee Department of Mental Health and Developmental Disabilities as a member of the cabinet of Governor Phil Bredesen. Betts has focused the department’s resources and programs on quality clinical care and on recovery from serious mental illness through a focused commitment to bring science to service including: redesign of crisis services, implementation of medication algorithms, and promotion of evidence-based practices in the public mental health delivery system.

Ms. Betts is on leave from her position as Director for Health Policy and Professor of Nursing at the University of Tennessee Health Sciences Center (UTHSC) in Memphis. Prior to this University appointment, she served as the Senior Advisor on Nursing and Policy to the Secretary and Assistant Secretary of Health of the U.S. Department of Health and Human Services (DHHS). Within the Office of Public Health and Science, she was actively engaged in the Surgeon General’s initiatives on mental health. These included development of Mental Health: A Report of the Surgeon General; Surgeon General’s Call to Action to Prevent Suicide; and the national campaign to combat the stigma of mental illness. She headed the DHHS Interdepartmental Mental Health Policy Team, which received the 2000 DHHS Secretary’s Award for Distinguished Service. One outcome of the work of this DHHS team was a presidential directive on mental health parity in the Federal Employee Health Benefit Plan (FEHBP) whose positive evaluation has just been released by ASPE.

Ms. Betts is an advanced practice psychiatric nurse and an attorney who completed postdoctoral studies in health policy as a Robert Wood Johnson Health Policy Fellow. She spent much of her career as a faculty member at Vanderbilt University in both the School of Nursing and at the Vanderbilt Institute for Public Policy Studies. Her publications are numerous, and her presentations and consultations both in the United States and internationally have been widely acclaimed.

She is a member of the Tennessee Nurses Association and the Tennessee Bar Association. Ms. Betts is also a member of the American Psychiatric Nurses Association, the American Association of Nurse Attorneys, Sigma Theta Tau, and the National Association of State Mental Health Program Directors where she now sits on its Board of Directors. Ms. Betts was President of the American Nurses Association from 1992-1996. Ms. Betts led the ANA and the nursing profession during the national debate on health care reform from 1991-1994 and commissioned the development of professional nursing’s “White Papers” on health reform and the role of nurses in a reformed system including “Health Care Reform: Essential Mental Health Services.”

A graduate of the University of Tennessee, the Vanderbilt School of Nursing, and the Nashville School of Law.
Mary K. Wakefield, PhD, RN, FAAN

Mary K. Wakefield is Associate Dean for Rural Health, and Director of the Center for Rural Health at the School of Medicine and Health Sciences, University of North Dakota, in Grand Forks, ND. Dr. Wakefield has held administrative and legislative staff positions in the U.S. Senate. Currently, she serves on many public and private health-related advisory boards including: Academy Health Board of Directors; Department of Veteran’s Affairs’ Special Medical Advisory Group; member of Catholic Health Initiatives Board of Trustees; member, Commonwealth Fund Commission on a High Performance Health System, member of the Health Care Services Board, Institute of Medicine. Locally, Dr. Wakefield serves as a member, Board of Directors at the North Dakota Health Care Review (Quality Improvement Organization) and member, Blue Cross Blue Shield of North Dakota Board of Directors. Dr. Wakefield has also served as a member of the Medicare Payment Advisory Commission, which is responsible for advising the U.S. Congress on the Medicare Program, and as Chair of the Institute of Medicine (IOM) Committee on Health Care Quality for Rural America. Wakefield was Commissioner and Subcommittee Chair President Clinton’s Advisory Commission on Consumer Protection and Quality in the Health Care Industry. Dr. Wakefield has presented nationally and internationally on public policy and strategies to influence the policymaking and political process. She has received numerous awards and recognition for her work in nursing, rural health, and public policy. She is a recipient of the American Organization of Nurse Executives (AONE) 2006 Nurse Research Award and elected to membership in the Institute of Medicine in 2004. She has authored many articles and columns on health policy and is on the editorial board of a number of professional journals, including the *Journal of Rural Health*, *Nursing Economics*, and *Annals of Family Medicine*. Dr. Wakefield received her BS in nursing from the University of Mary, Bismarck, ND, and her MS and PhD from the University of Texas at Austin. She is a Fellow of the American Academy of Nursing.
Smith-Kellogg Annual Lectureship

**Gary Hall, Jr.**

The fastest swimmer in United States history, a three-time Olympian, ten-time Olympic medalist, American record-holder, and hero to millions of swimmers and diabetes patients, Gary Hall, Jr. is clearly an American treasure.

Born on September 26, 1974 in Cincinnati, Ohio, Gary Hall, Jr. comes from a long line of swimmers. Gary’s father, Gary Hall, Sr. was a three-time Olympian (1968, 1972, 1976) and was the American flag bearer at the opening ceremonies at the 1976 Montreal Games – the last swimmer to be so honored. Gary’s uncle, Charles Keating III, was also a member of the Olympic swim team in 1976 as a breaststroker. His grandfather, Charles Keating, Jr. was an All-American and national champion swimmer in the 1940s and, through the years, has been an enthusiastic and generous supporter of US swimming.

In 1999, Gary faced serious problems. Gary was feeling tired all of the time. He was feeling an unquenchable thirst and was experiencing blurry vision among other ailments. Finally, after collapsing, he was diagnosed with Type-1 diabetes.

When Gary was first diagnosed, he was discouraged by his doctors who kept telling him that he wouldn’t be able to compete anymore. The news of having diabetes was extremely difficult for Gary to deal with. Gary reflects, “I was extremely upset, shocked and discouraged. I didn’t have a good understanding of what diabetes was. I believed that it happened to older, over-weight and under-active people, and here I had spent my entire life eating right, exercising, minding my health, etc. There is no history of the disease anywhere in my family, so you can imagine my disbelief. There exists a certain response within us as humans to ask, ‘why me?’ when something goes wrong, and I experienced that.”

Eventually Gary came into contact with Anne Peters, a Los Angeles Endocrinologist at the USC Keck School of Medicine. She assured him that there was no reason to quit competitive swimming, that it was possible for him to swim again. Since then he and Dr. Peters have been working together – in fact, she accompanied him to Sydney and Athens to watch over his health. Under her watchful eye, Gary found his way back into life and back into the sport.

Gary is currently training for his fourth Olympic Games to be held in Beijing in 2008. While not in the pool he has created the Gary Hall Jr. Foundation for Diabetes, which raises money for diabetes research and also provides uninsured patients with diabetes supplies and care.

Senator David F. Durenberger

David Durenberger served as Senior United States Senator for Minnesota from 1978 to 1995. He now serves as Senior Health Policy Fellow at the University of St. Thomas in Minneapolis, Minnesota and chairs the National Institute of Health Policy (NIHP).

The NIHP plays a unique role in health care reform in the United States. NIHP members are health care, health plan, and business organizations from six states in the Upper Midwest whose goal is to change the health care system from the inside out and thereby influence national health policy change.

Senator Durenberger gained national health policy leadership as a 16-year member of the Senate Finance Committee plus six years as Health Subcommittee Chair. He served eight years on the Health, Education, Labor and Pensions Committee and twelve on the Environment Committee.

Today, he influences the future of the nation’s two major public health programs as a member of the Medicare Payment Advisory Commission (MedPAC), the Kaiser Foundation Commission on the Future of Medicaid and the Uninsured, the National Committee on Quality Assurance (NCQA) and the National Commission for Quality Long-term Care. He is also Advisory Board Chair of the Medical Technology Leadership Forum.

Senator Durenberger was also named by Governor Tim Pawlenty to lead the Minnesota Citizens Forum on Health Care Costs, an inside-out approach to health care reform in Minnesota. He is author of Prescription for Change and Neither Madman Nor Messiahs and teaches and speaks nationally on the future of health care delivery and policy.

Emerging Leader/National Leader Program

In 2004, the Academy launched a program in which new and emerging leaders were invited and encouraged to attend the Annual Meeting & Conference. Since that time, dozens of emerging leaders have joined us and learned about the Academy. We have also begun encouraging National Leaders who are not Fellows to attend the conference, participate actively, learn about the Academy, and enrich this important event. To enhance the experience of both Emerging and National Leaders at the Conference, we have again scheduled special sessions that cover content of particular interest.

General Meeting Information

Abstract Volume
All abstracts accepted for poster presentation at the AAN 33rd Annual Meeting & Conference have been published in the AAN Abstract Book. Each attendee will receive one copy of the book along with their registration materials.

Admission to Sessions
Official name badges will be required for admission to all AAN sessions. All Annual Meeting attendees receive a name badge with their registration materials. Name badges should be worn at all times inside the Doral Golf Resort & Spa, as badges will be used to control access to sessions and activities. Attendees are cautioned against wearing their name badges while away from the Doral as badges draw unwanted attention to your status as visitors to Miami.

Admission by Tickets
The Moon Over Miami Reception, Pilates Essentials Class, Yoga & Relaxation Class, Morning Walk and Awards Ceremony & Induction Banquet require tickets for admission. Tickets will be collected at the door by ushers. There may still be a limited number of tickets available which may be obtained at the Registration Desk.

Attire
All meeting and daytime events are resort casual. Receptions tend to be slightly dressier. The Awards Ceremony & Induction Banquet is black tie.

Banquet Tickets
If you do not have a banquet ticket in your registration packet, please visit the Banquet Seating Booth to select a reserved seat for the Awards Ceremony & Induction Banquet. A diagram and reserved table listing will be available. All banquet attendees are required to have a seat assignment for the banquet to ensure capacity in the ballroom. After 5:00 p.m. on Friday, November 10, attendees without a reserved seat will be assigned seats.

Banquet Seating Booth
Location: Gallery
Reserved seating for the Awards Ceremony & Induction Banquet can be chosen at the Banquet Seating Booth located in the AAN registration area. A diagram and reserved table listing will be available.

Hours:
Thursday, November 9, 9:00 a.m. – 7:00 p.m.
Friday, November 10, 7:00 a.m. - 5:00 p.m.
Deadline to Reserve Seating or Make Changes: Friday, November 10, 5:00 p.m.

Banquet Will-Call Ticket Booth
Location: Champions Pavilion
Any attendee who did not request reserved seating prior to Friday, November 10 at 5:00 p.m. can claim their banquet ticket(s) at the Banquet Will-Call Ticket Booth located in Champions Pavilion.

Hours:
Saturday, November 11, 5:30 p.m. - 6:30 p.m.

Business Meeting
Saturday, November 11, 8:00 a.m. - 10:15 a.m.
Location: Grand Ballroom
All Fellows are encouraged to attend the Annual Business Meeting to hear about the current state of the Academy, future planning, and major announcements.

Cell Phone Protocol
Please ensure that cell phone ringers are turned off during all sessions.

CEU - Continuing Education Hours
Continuing education contact hours will be awarded through the University of Miami School of Nursing and Health Studies FBN# 50-2105. Participants requesting CEUs are asked to sign in every morning and after every lunch break at the CEU table located in the registration area.
General Meeting Information

Conference Objective
The focus of the 2006 American Academy of Nursing’s (AAN) Annual Conference is on “Integrating Physical & Mental Health Care.” A growing body of literature supports the relationship between physical and mental health. For many years, each was examined separately and, consequently, full diagnosis and treatment of a particular condition were incomplete. Today, there are a number of researchers looking at the interplay between mental and physical health and developing exciting approaches to care. A key premise is that we must treat the patient holistically, considering the mind, body and spirit. This Conference will examine the ways in which physical illness can create mental problems and symptoms and, alternatively, how mental conditions can result in physical illness.

Committee Meetings
Please see the AAN Group Meetings Schedule on page 31 for a full listing of AAN Committee Meetings.

Emergency & First Aid
The Doral Golf Resort & Spa is fully prepared to handle emergency requests and first aid. Pick up any house phone for immediate assistance and contact an AAN Staff person for support. Remember to note all emergency exits within the resort.

Evaluations
Please take time to complete the evaluation form provided for each session you attend. Your input and comments are essential in planning future Annual Conferences. When completed, evaluations may be returned to the evaluation drop box located near the general session room or to the AAN Registration Desk.

Exhibits
Location: Doral Ballroom
Remember to stop by the Doral Ballroom to visit this year’s exhibitors. On Thursday, the 2006 New Fellows will be present for an informal Meet & Greet and on Friday, stop in to view over 60 poster presentations. The hall will also be open during scheduled breakfasts, lunches and breaks. Show your support of the new programs and products displayed at this year’s Conference.

Hours:
- Thursday, November 9, 5:00 p.m. – 7:00 p.m.
- Friday, November 10, 7:30 a.m. – 7:00 p.m.

Exhibit Hall Opening and New Fellow Meet & Greet
Thursday, November 9, 5:00 p.m. – 7:00 p.m.
Exhibit Hall Reception and Poster Presentations
Friday, November 10, 5:30 p.m. – 7:00 p.m.

Fellow Selection Open Session
Location: Grand Ballroom
Friday, November 10, 5:30 p.m. – 6:00 p.m.
A question & answer session for Fellows who are interested in sponsoring New Fellows. What are the criteria? What do I need to do to sponsor a nominee? Bring your questions for a discussion with members from the Fellow Selection Committee. The Fellow Selection Task Force will also be presenting its recommendations regarding the Fellow selection process.

Floral Orders
Floral orders for the Awards Ceremony & Induction Banquet will be delivered to the Champions Pavilion on Saturday, November 11, after 5:30 p.m. Items will be displayed by last name of the recipient.

Guest Attendance
Guests may register to attend the social functions (Living Legends Ceremony & Reception and Exhibit Hall Receptions only) at a cost of $75.00 per guest. Tickets for the Awards Ceremony & Induction Banquet can be purchased for $120.00 per attendee. All tickets can be purchased at the Registration Desk.

Interdisciplinary Nursing Quality Research Initiative (INQRI)

Despite nursing’s pivotal role in the delivery of patient care, there is limited rigorous research demonstrating causal relationships between the quality of care that nurses deliver and high-quality patient outcomes. Building and sharing the evidence in this area is central to the Robert Wood Johnson Foundation’s mission to improve the quality of health and health care for all Americans. The primary goal of the Interdisciplinary Nursing Quality Research Initiative (INQRI) is to generate, disseminate and translate research to understand how nurses contribute to and can improve the quality of patient care.

Academic Tract Faculty Positions Available

The University of Rochester School of Nursing, a leader in unifying research, practice, and education, has completed a $20 million "Future of Care" campaign to add to our endowment. We rank thirteenth among U.S. nursing schools in research funding from the NIH and seek Senior candidates who possess a strong track record of research funding and scholarly publication. Candidates for Assistant Professor should have a strong commitment to building a federally funded program of research. A full spectrum of services is available to support faculty research and educational development.

Tomorrow’s Nurses...Today

The MCG School of Nursing is dedicated to increasing and advancing the nursing workforce by integrating teaching, research and practice in an environment where students and faculty can collaborate and transcend the confines of a single health care discipline.

Our faculty are involved in groundbreaking research in such vital areas as health disparities, prostate cancer, cardiology and smoking cessation. And, our Center for Nursing Research provides a wide range of services to support our growing research enterprise.

We are actively recruiting an Associate Dean for Research and other research faculty. See what MCG has to offer you at www.mcg.edu/facultyjobs/nursing.htm

A mission to improve health and reduce the burden of illness in society.
