Greetings

American Academy of Nursing

October 11, 2012

As Mayor of the District of Columbia, I am pleased to extend greetings to the American Academy of Nursing on the occasion of your 39th Annual Meeting and Conference.

Thank you for your commitment to create and execute nursing initiatives to help transform America’s health care system and improve the health of the citizens of this city and nation. Your work is commendable and I thank you for your continuing efforts to identify policies that can change health care and build a better care delivery system to help enhance the quality of life of others.

On behalf of all the residents of the District of Columbia, you have my best wishes for an enjoyable and memorable event.

Vincent C. Gray
Mayor, District of Columbia
Dear Friends and Colleagues:

The theme of this year’s conference, *Transforming Health Care: Driving Policy*, could not be more timely. At all levels in health care organizations, educational institutions and government agencies, nurses are in key leadership roles…and shaping health policy in profound ways. Our conference this year – extended to three days to include the new Policy Dialogues - will showcase the extraordinary work nurses are undertaking to drive policy changes that meet the health care needs of individuals and populations.

This year’s theme was specifically selected to highlight ways in which nurses are transforming healthcare, leading change, influencing policy, and ultimately improving the nation’s health. Through our plenary sessions, and expanded opportunities for dialogue and debate, as well as our expert panel meetings and social events, we will have opportunities to connect and communicate. In addition to welcoming our new cohort of Fellows, we will engage in lively discussions about policy and nursing’s role in shaping it.

On behalf of the Board of Directors, I would like to extend thanks for the significant contributions of the many individuals who helped organize this event, including the Annual Meeting Planning Committee – led by Judith Baggs, PhD, RN, FAAN, Colleen Goode, PhD, RN, NEA-BC, FAAN, Ruth Kleinpell, PhD, RN, FCCM, FAAN, and Eileen Sullivan-Marx, PhD, RN, FAAN – and the Academy staff.

I look forward to a very stimulating experience over the next few days, and encourage you to take advantage of all of the opportunities it offers for connecting with and learning from each other.

Sincerely,

JOANNE DISCH, PhD, RN, FAAN
President
Welcome to the American Academy of Nursing’s 39th Annual Meeting and Conference. We are thrilled that you are able to join us for this most exciting event in our great capital city of Washington DC! This year’s theme, Transforming Health Care: Driving Policy, was specifically designed to showcase nursing contributions that are improving health care and advancing policy.

This year’s Pre-Conference – Growing Global: Policy & Research Directions for Building Nursing Capacity, developed by the Global and Emerging and Infectious Diseases Expert Panels, will analyze global responses to emerging and re-emerging infections, explore the impact of global chronic diseases and examine the social and economic policy issues related to global health.

The Annual Conference agenda features several highly notable speakers including: Marilyn Tavenner MHA, BSN, Acting Administrator for the Centers for Medicare & Medicaid Services; Judy Murphy RN, FAAN, Deputy National Coordinator for Programs & Policy/Office of the National Coordinator for Health IT, HHS; and a panel dialogue regarding transforming health care featuring Naomi Aronson PhD, Executive Director of the Blue Cross/Blue Shield Technology Evaluation Center and Evidence-based Practice Center; Jaewon Ryu MD, JD, Associate Medical Director, Kaiser Permanente Mid-Atlantic Permanente Medical Group; Keith Mueller PhD, Professor and Head Department of Health Management and Policy, College of Public Health, University of Iowa and Director, Center for Rural Health Research and Policy Analysis. Dr. Peter Buerhaus FAAN, Vanderbilt University Valere Potter Professor of Nursing and Director Center for Interdisciplinary Workforce Studies, will lead a panel of experts who will present on primary care workforce supply, the results of a comparative analysis of NP and MD Medicare claims data, and the first national survey on NP and MD scope of practice and attitudes about collaborative work.

An exciting and notable first time feature of this year’s conference includes six Policy Dialogues presented by the expert panel members and external experts in the field. The dialogues will address a number of high priority topics—all focusing on bringing the Academy’s voice forward for action. We will again feature a dynamic line up of Edge-Runners during a special session focusing on Challenges in Spreading and Scaling up Innovative Models of Care and a presentation on the Future of Nursing, national and state accomplishments. Dr. Nancy Ridenour will end the conference with a plenary session on transforming health care through nurse engagement in policy. In addition, we are pleased to hold a number of Expert Panel meetings.

Attendees will be able to identify strategies and resources to advance health care and influence policy. As in all of our conferences, we will be honoring our Living Legends, Honorary Fellows, and inducting a stellar class of new Fellows who have made significant contributions to the nursing profession.

As Co-Chairs of this event, we are very confident and pleased that this year’s dynamic program will equip you with additional tools to effect positive change in practice, academia, and policy; give you a chance to network with colleagues, and celebrate the accomplishments of Academy leaders and new Fellows!

Warm regards,

Ruth M. Kleinpell, PhD, RN, FAAN
Annual Conference Planning Committee, Co-Chair

Colleen J. Goode, PhD, RN, FAAN
AAN Board Member/Annual Conference Planning Committee, Co-Chair

Eileen M. Sullivan-Marx, PhD, RN, FAAN
AAN Board Member/Annual Conference Planning Committee, Co-Chair
Dear Friends and Colleagues:

It is an honor to join you at the American Academy of Nursing’s 39th Annual Meeting and Conference. It is with immense anticipation and high expectations that I look forward to engaging discussions with our Fellowship.

This year’s Annual Meeting and Conference, Transforming Health Care: Driving Policy highlights the extraordinary capacity of this profession and organization to make a difference in people’s lives. Your attendance is further testament to your dedication to influencing health policy by dissemination of nursing’s contribution to improved health outcomes and care delivery.

The Academy is grateful for the collective talent of our Fellows that transforms health care policy and practice through nursing knowledge. We have introduced the Policy Dialogues to effectively utilize Fellows’ expertise to identify innovative solutions to some of the tough health care challenges facing our nation. Whether you are a member of an expert panel or not, you are invited to participate fully in these Dialogues and the subsequent policy implementation efforts.

We thank you for your effective involvement in advancing the voice of the Academy.

On behalf of the Academy staff, we recognize the intensive work of all those involved—planners, speakers, sponsors, and volunteers—to make this Annual Meeting and Conference inspiring and successful.

Warm regards,

Cheryl Sullivan,
Chief Executive Officer

## Pre-Conference: Growing Global: Policy & Research Directions for Building Nursing Capacity

This pre-conference will analyze emerging and re-emerging global health issues including chronic disease, emerging and re-emerging infections. The implications for and contributions of nursing will be examined at the individual, organizational and global levels, including an examination of the role of nurses and the nursing profession to strengthen health policies in response to such emerging global health issues.

**Overall Pre-Conference Objectives:**
- Analyze global responses to emerging and re-emerging infections.
- Explore the impact of global chronic diseases.
- Examine the social and economic policy issues related to global health.
- Identify and establish a policy and research action plans directed to nurse-led solutions to global infectious and chronic disease.

THURSDAY, OCTOBER 11 (CONTINUED)

**ANNUAL MEETING AND CONFERENCE: Transforming Health Care: Driving Policy**
This Annual Meeting and Conference will focus on ways nurses are transforming health care and building a better care delivery system. The conference will showcase the extraordinary work nurses are doing by driving policy changes to meet the health care needs of individuals and populations. The theme has been specifically selected to highlight nursing initiatives that are transforming health care, leading change, and influencing policy for the ultimate purpose of improving our nation’s health.

**OVERALL PRE-CONFERENCE OBJECTIVES:**
- Profile nursing initiatives that are transforming health care and shaping policy
- Generate strategies to impact local, regional and national health care policy agendas
- Forecast research and innovation for transforming health care to set policy

CRISTINA RABADÁN-DIEHL, PHD, MPH

Cristina Rabadán-Diehl is the Deputy Director of the Office of Global Health (OGH) at the National Heart, Lung, and Blood Institute (NHLBI), part of the National Institutes of Health (NIH). She also serves as the NHLBI program director of the UnitedHealth and NHLBI Collaborating Centers of Excellence, a global network of research and training centers to help combat chronic, non-communicable diseases in developing countries.

Prior to her appointment as OGH deputy director in 2010, Dr. Rabadán-Diehl served as a program director in the NHLBI Division of Cardiovascular Sciences. She managed an extensive research portfolio of grants, contracts and cooperative agreements primarily in the areas of diabetes complications and developmental origins of adult disease. Her extensive expertise in atherosclerosis, hypertension, diabetes, endocrinology, preclinical models of disease and behavioral stress led her to serve as the NHLBI representative in many multidisciplinary intra- and inter-NIH collaborative programs.

Dr. Rabadán-Diehl has helped develop multidisciplinary partnerships at the global level. She has enabled research teams and has bridged research endeavors among the basic, translational, clinical and population science communities, domestically and internationally. A native Spanish speaker with a strong interest in health promotion and research translation, Dr. Rabadán-Diehl is active in Hispanic cardiovascular disease and prevention outreach activities and serves as a spokesperson for The Heart Truth®, the NHLBI’s landmark national awareness campaign for women about heart disease, and We Can!® (Ways to Enhance Children’s Activity and Nutrition), the NIH’s national childhood obesity prevention program. In 2012, she was appointed the Scientific Manager for the NIH within the Global Alliance for Chronic Disease (GACD).

KATE ELLINGSON, PHD

Kate Ellingson has worked for six years in CDC’s Division of Healthcare Quality Promotion, first as an Epidemic Intelligence Service (EIS) officer and then as a staff epidemiologist. As an EIS officer, she led outbreak and analytic field investigations in healthcare settings, analyzed data on the impact of healthcare-associated infection (HAI) prevention interventions, and engaged with international partners to promote infection control in resource-limited settings. Currently she works in the DHQP’s Office of Prevention Research and Evaluation. She leads an evaluation of Recovery Act and Healthcare Reform funds distributed to state health departments to build infrastructure for HAI surveillance and prevention; this evaluation involves statistical modeling of surveillance data, qualitative analysis, and economic return-on-investment assessments. Kate also serves as DHQP’s subject matter expert on hand hygiene; in this capacity, she works with academic partners to evaluate optimal methods for hand hygiene measurement and collaborates with professional societies and the WHO to harmonize evidence-based recommendations. Kate is also her division’s liaison to international partners working in HAI prevention and actively collaborates with CDC partners in Egypt, Guatemala, Kenya, and China. She is currently a Principal Investigator on an HHS Innovation Award grant to locally produce alcohol-based handrub in Kenyan hospitals and evaluate feasibility and impact. Additionally she has worked closely with partners in Egypt to help design, implement, and evaluate HAI surveillance and prevention initiatives.
MARIA TERESA CERQUEIRA, PHD, MS

An artist is skilled at seeing things not as they are, but as they could be. Combine the artist’s eye with international experience and you have someone with limitless imagination of what “could be” for health and wellness across the globe. You have, in fact, Dr. Maria Teresa Cerqueira, the Chief of the U.S.-Mexico Border Office of the Pan American Health Organization, division of the World Health Organization in El Paso, TX. She is also the Project Director for their Healthy Kids, Healthy Communities initiative. In this role, Maria Teresa envisions the potential in community leaders and a better quality of life for residents of neglected neighborhoods.

Maria Teresa was born an artist, and she can trace how creativity runs in her family. One great uncle was an illiterate fisherman in Portugal who made up poems. His children wrote and published them. Maria Teresa enjoys painting, especially fruits and vegetables or things garden inspired. She has two sons, one also artistic, and another is a physician. She is also a proud first-time grandmother to her ‘nieto,’ Guillermo.

In high school, she decided to volunteer as a candy striper in a local hospital. While there, she was asked to design educational pamphlets and became interested in nutrition. She followed a traditional public health track but didn’t like clinical work. She went to Mexico to study the relationships between diet, exercise and health under a National Institutes for Health (NIH) grant. Her focus population was the Tarahumara and also Raramuri. She stayed for several years working on different projects and then applied for a doctorate program at Cornell University to expand her skills. She took courses in public policy, government, organizational behavior and international labor, whatever interested her. For her dissertation, she worked with local community health workers and evaluated the federal Expanded Food and Nutrition Education Program (EFNEP) and worked with the Women, Infants and Children Program (WIC). The WIC program didn’t have community health workers but EFNEP did and realized WIC wasn’t connected to EFNEP. In her training she tried to connect them. Maria Teresa took community field workers to meet the people in WIC, encouraging a more holistic approach to their health services.

Little by little she saw evidence for having policy at the national and local level to mobilize resources and people.

One thing is very clear for Dr. Maria Teresa Cerqueira. You need to build a partnership and trust at the community level and also with policy makers. It’s not an either/or. Policy makers respond to people.

SYLVAIN ALDIGHIERI, MD

Sylvain Aldighieri is a French National, he earned an MD from the University of Marseille, he is qualified in Tropical Medicine from the University of Paris and has followed postgraduate studies in Epidemiology and Tropical Microbiology from the Institut Pasteur Paris. During the last 20 years he has been posted in various locations in Africa and the Americas as a Medical Officer for the French Government and for PAHO / WHO. Dr. Aldighieri is currently the coordinator of the International Health Regulations, Alert and Response and Epidemic Diseases Unit with PAHO/WHO.
KEYNOTE SPEAKERS (IN ORDER OF APPEARANCE)

MARILYN TAVENNER

Marilyn Tavenner is currently the Acting Administrator for the Centers for Medicare & Medicaid Services. Previously, Ms. Tavenner was Principal Deputy Administrator for the Centers for Medicare & Medicaid Services (CMS). As the Principal Deputy Administrator, Ms. Tavenner served as the agency’s second-ranking official overseeing policy development and implementation as well as management and operations.

Ms. Tavenner, a life-long public health advocate, manages the $820 billion federal agency, which ensures health care coverage for 100 million Americans, with 10 regional offices and more than 4,000 employees nationwide. CMS administers Medicare, and it provides funds and guidance to all states for their Medicaid and Children’s Health Insurance (CHIP) programs. With the passage of the Affordable Care Act in March of 2010, Ms. Tavenner is also responsible for overseeing CMS as it implements the insurance reforms and Affordable Insurance Exchanges included in the health reform law.

Prior to assuming her CMS leadership role, Ms. Tavenner served for four years as the Commonwealth of Virginia’s Secretary of Health and Human Resources in the administration of former Governor Tim Kaine. In this top cabinet position, she was charged with overseeing 18,000 employees and a $9 billion annual budget to administer Medicaid, mental health, social services, public health, aging, disabilities agencies, and children’s services.

Before entering government service, Ms. Tavenner spent 25 years working for the Hospital Corporation of America (HCA). She began working as a nurse at the Johnson-Willis Hospital in Richmond, Va., in 1981 and steadily rose through the company. By 1993, she began working as the hospital’s Chief Executive Officer and, by 2001, had assumed responsibility for 20 hospitals as President of the company’s Central Atlantic Division. She finished her service to HCA in 2005 as Group President of Outpatient Services, where she spearheaded the development of a national strategy for freestanding outpatient services, including physician recruitment and real estate development.

Ms. Tavenner holds a bachelor’s of science degree in nursing and a master’s degree in health administration, both from the Virginia Commonwealth University.
NAOMI ARONSON, PHD

Naomi Aronson is the Executive Director of the Blue Cross and Blue Shield Association Technology Evaluation Center (TEC).

Dr. Aronson has overseen TEC’s development as a nationally recognized technology assessment program and an Evidence-based Practice Center (EPC) of the Agency for Healthcare Research and Quality (AHRQ). She has directed over 300 technology assessments and 20 evidence reports for AHRQ. Dr. Aronson is a member of the Methodology Committee of the Patient-Centered Outcomes Research Institute (PCORI).

Dr. Aronson is a member of the Health Technology Assessment International Health Policy Forum, the Institute of Medicine Genomics Roundtable, the Steering Committee of the Chicago-Area DEcIDE Research Center, and the National Business Group on Health Committee on Evidence-Based Benefit Design. Previously, she has represented the private sector on a U.S. Agency for International Development Team providing technical assistance to the Hungarian government on building evidence-based medicine capacity and also served on the Ontario Health Technology Assessment Evaluation Review Team. She was a member of the Institute of Medicine Forum on Drug Discovery Translation and Development, and a review committee co-chair for the International Society for Pharmacoeconomics and Outcomes Research Annual Meeting.

Prior to joining TEC, Dr. Aronson was a member of the Northwestern University faculty, specializing in the sociology of science and medicine. She also was a post-doctoral fellow in the Science, Technology and Society Program at the Massachusetts Institute of Technology and received research awards from the National Science Foundation and the American Council of Learned Societies. Dr. Aronson’s academic research focused on how the organization of scientific specialties in biomedical and clinical research affects the process of scientific discovery.

KEITH MUELLER, PHD

Keith J. Mueller is Gerhard Hartman Professor and Head, Department of Health Management and Policy, College of Public Health, University of Iowa. He is also the Director of the Rural Policy Research Institute (RUPRI) Center for Rural Health Policy Analysis. He has served as President of the National Rural Health Association (NRHA) and as a member of the National Advisory Committee on Rural Health and Human Services. He also served on the Advisory Panel on Medicare Education for the Centers for Medicare and Medicaid Services and the Advisory Committee to the Agency for Health Care Policy and Research. He has published more than 140 scholarly articles and policy papers, and received awards recognizing his research contributions from NRHA, RUPRI, and the University of Nebraska. His expert testimony has been solicited by Congressional committees, the Institute of Medicine and the Medicare Payment Advisory Commission. His PhD is in Political Science from The University of Arizona, and he completed a faculty fellowship with The Johns Hopkins University.
JAEGON RYU, MD, JD

Jaewon Ryu currently serves as Associate Medical Director for Emergency Care Management, Government Programs and Relations, Community Benefit, and Research in the Mid-Atlantic States region. He is a board-certified physician in Emergency Medicine. He completed his post-graduate training at Harbor-UCLA Medical Center. Prior to his career as a physician, he was admitted to the State Bar of California and practiced as a corporate health care attorney with the international law firm McDermott, Will & Emery, focusing on corporate transactions and regulatory issues among large entities in the health care industry.

Before his current position, he held several positions in government, most recently as Expert Consultant and Policy Advisor in the Office of the Administrator and the Office of Policy at the Centers for Medicare and Medicaid Services, where he focused on quality and resource use measurement, payment reform, and incentives to drive delivery system changes. Prior to that, he was selected as a White House Fellow and placed in the Office of the Secretary at the Department of Veterans Affairs, where he advised on strategic and operational issues related to the nation’s largest integrated healthcare system. He also spent a year in the national service program, AmeriCorps, as a teacher, mentor, and community liaison for inner-city youth, and he has remained dedicated to community involvement throughout his career. A fan of cycling and the outdoors, he has bicycled from Washington, DC to San Francisco as part of a team that raised donations to help build a Habitat for Humanity home. He received a B.A. in History from Yale University and a J.D. and M.D. from the University of Chicago.

JUDY MURPHY, RN, FACMI, FHIMSS, FAAN

Judy Murphy is Deputy National Coordinator for Programs & Policy at the Office of the National Coordinator for Health IT, Department of Health and Human Services in Washington D.C. She is a nurse, who came to the ONC in December of 2011 with more than 25 years of health informatics experience at Aurora Health Care in Wisconsin, an integrated delivery network with 15 hospitals, 120 ambulatory centers, home health agencies and over 30,000 employees. She led their EHR program since 1995, when Aurora was one of the early adopters of health IT. Most recently she was Vice President-EHR Applications, and managed the organization’s successful achievement of Stage 1 EHR Meaningful Use, with incentive payments beginning in September 2011.

Her informatics interests lie in system implementation methodologies, health IT project management, automated clinical documentation, and the use of technology to support evidence-based practice; she has published and lectured nationally and internationally on these topics. She has a long-standing reputation of patient advocacy and maintaining a “patient-centric” point of view, and approaches her work with unyielding energy as well as dedication, passion, and commitment to the healthcare transformation enabled by technology.

Judy has been on the Health IT Standards Committee since its inception in May 2009. On that committee, she co-chaired the Implementation Workgroup, and was a member of the Meaningful Use Workgroup. She has also served on the American Medical Informatics Association (AMIA) Board of Directors and the Health Information and Management Systems Society (HIMSS) Board of Directors. She is a Fellow in the American Academy of Nursing, the American College of Medical Informatics and HIMSS. She received the 2006 HIMSS Nursing Informatics Leadership Award, was named one of the “20 People Who Make Healthcare Better” in 2007 by HealthLeaders magazine, and was selected as one of 33 Nursing Informatics’ Pioneers to participate in the Nursing Informatics History Project sponsored by AMIA, NLM, AAN, and RWJF.
PETER BUERHAUS, PHD, RN, FAAN

Peter Buerhaus is a nurse and a healthcare economist. He is the Valere Potter Distinguished Professor of Nursing at Vanderbilt University School of Nursing, and Director of the Center for Interdisciplinary Health Workforce Studies, the Institute for Medicine and Public Health, at Vanderbilt University Medical Center. From 2000 to 2006, Dr. Buerhaus served as the Senior Associate Dean for Research at Vanderbilt University School of Nursing. Before coming to Vanderbilt University, Dr. Buerhaus was assistant professor of health policy and management at Harvard School of Public Health (1992-2000) where he developed the Harvard Nursing Research Institute and its post-doctoral program in nursing health services research. During the 1980s he served as assistant to the chief executive officer of The University of Michigan Medical Center’s seven teaching hospitals (1983-1986) and assistant to the Vice Provost for Medical Affairs, the chief executive of the medical center (1987-1990).

Dr. Buerhaus maintains an active research program involving studies on the economics of the nursing workforce, nurse and physician workforce forecasting, developing and testing measures of hospital quality of care, and determining public and provider opinions on issues involving the delivery of health care. Of the nearly 100 articles he has published in peer-reviewed journals, five publications are designated as “Classics” by the Agency for Healthcare Research and Quality (AHRQ) Patient Safety Network. Other publications have ranked among the most widely accessed articles published in the health policy journal Health Affairs in 2006, 2007, 2009 and 2010. Dr. Buerhaus is co-author of the 2008 book The Future of the Nursing Workforce in the United States: Data, Trends, and Implications. He has editorial responsibilities with many peer reviewed health services research and nursing journals, and has advised policy makers and legislators on nursing workforce policy.

In 2003, Dr. Buerhaus was elected into the National Academies Institute of Medicine and since 1994 has been a member of the American Academy of Nursing. He served on the Advisory Council of the National Institutes of Health National Institute of Nursing Research (2001-2006), National Quality Forum Steering Committee on Nursing Quality Performance Measures (2004-2005), as a Board of Director of Sigma Theta Tau International (2001-2005), and as a member of The Joint Commission’s Nursing Advisory Committee (2003-2010). He serves as an expert advisor for the Bipartisan Policy Center’s health care workforce initiative.

Dr. Buerhaus earned his baccalaureate degree in nursing from Mankato State University (1976), a master’s degree in nursing health services administration from The University of Michigan (1981), a doctoral degree from at Wayne State University (1990), and completed a Robert Wood Johnson Foundation post doctoral faculty fellowship in health care finance at The Johns Hopkins University from 1991-1992.

On September 30, 2010, Dr. Buerhaus was appointed to Chair the National Health Workforce Commission, which was established under The Patient Protection and Affordable Care Act. Among other responsibilities, the Commission (once funded) will provide advice to the Congress and to the President on national health care workforce policy.
Catherine DesRouches, PhD

Catherine DesRouches is a Senior Researcher at the Mathematic Policy Research. Dr. DesRoches has been involved in more than 85 national and international surveys on a variety of health policy and public health issues. Before coming to Mathematica in 2010, Dr. DesRoches spent 10 years as a faculty member and researcher at the Morgan Institute for Health Policy/Harvard Medical School and Harvard School of Public Health. Dr. DesRoches has led or collaborated on national studies of physicians, nurse practitioners, registered nurses, health care executives, and the public. These studies have addressed, among other topics, clinicians’ adoption and use of health information technology (HIT), the role of nurse practitioners in providing care to Medicare beneficiaries, physician-industry relationships, nursing workforce issues, and access to and satisfaction with health care. In addition, she has extensive experience leading and managing interdisciplinary research on health care related topics using wide range of research methods. Her work has received support from the Office of the National Coordinator for Health Information Technology in the U.S. Department of Health and Human Services, The Robert Wood Johnson Foundation, the National Institute of Health’s Office of Research Integrity, and the Agency for Healthcare Research and Quality.

Karen Donelan, ScD, EdM

Karen Donelan is a Senior Scientist at the Mongan Institute for Health Policy (MIHP) at Massachusetts General Hospital in Boston MA, and a faculty member at Harvard Medical School. Dr. Donelan is a prominent survey scientist who has conducted numerous national and international surveys of the experiences of patients and health professionals in health care systems. She has designed and led several dozen surveys of physicians and nurses about health information technology, labor supply and workplace environment issues, and published more than 80 peer reviewed original articles reporting the results. Dr. Donelan has been a collaborator with Dr. Peter Buerhaus for nearly 20 years, and provides critical expertise in designing surveys to measure the experiences of diverse professional and patient/consumer populations. Their recent collaborative research involves surveys of nurses, nursing students and faculty, physicians, health care executives and thoughtleaders, all focused on nurse labor supply, recruitment, retention and quality of care as part of an evaluation for the Johnson & Johnson Campaign for Nursing’s Future. Recently they have been involved in an important project looking at training and recruiting nurses for military service in collaboration with the Graduate School of Nursing of the Uniformed Services University of the Health Sciences.

Dr. Donelan joined the MIHP faculty in 2003, following more than a decade at the Harvard School of Public Health and several years in leadership at a company that provided assistance to patients confronting critical and complex illnesses. She has received considerable external support for her survey research, including the National Cancer Institute and American Cancer Society, as well as multiple charitable foundations (Commonwealth Fund, Robert Wood Johnson Foundation, Henry J. Kaiser Family Foundation, Avon Foundation, and Gillette Foundation). Building on an interest in strategic marketing to consumers, beyond her work with Vanderbilt she has played a leading role in projects for the marketing departments in several health systems, and assessments of the impact of internet health information and direct-to-consumer advertising. She has published extensively in major medical, nursing, and health policy journals, and is a peer reviewer of survey and disparities research for seven journals. She is a member of AcademyHealth and the American Association of Public Opinion Research and is past president of the New England Association of Public Opinion Research. She also is a past member of the editorial board at WebMD Medscape. She holds degrees in English and American Literature (AB), Education (EdM) and Health Policy and Management (ScD) all from Harvard University.
JENNIFER PERLOFF, PHD
Jennifer Perloff has over 15 years of experience in study design and quantitative analysis. A large portion of her work involves claims data, including the evaluation of a low vision rehabilitation benefit for CMS, and a study of adverse events among chronically ill Medicare beneficiaries. Dr. Perloff also directs the evaluation of an intensive case management program for homeless adults, and is involved in nursing workforce research. Through these projects she has led or participated in study design, instrument validation, data analysis using such techniques as random effects modeling and survival analysis.

DIANA MASON, PHD, DHL (Hon), DSc (Hon), RN, FAAN
Diana Mason is the Rudin Professor of Nursing and Co-Founder and Co-Director of the Center for Health, Media, and Policy at Hunter College, City University of New York. She is Strategic Adviser for the Future of Nursing: Campaign for Action that is focused on implementing the recommendations in the Institute of Medicine’s report on The Future of Nursing: Leading Change, Advancing Health. For over 10 years, she served as Editor-in-Chief of the American Journal of Nursing, and continues in an emeritus capacity. Under her leadership, the journal received numerous awards for editorial excellence, editorials, articles, news, and dissemination.

She serves on the National Advisory Committee of Kaiser Health News. Since 1985, she has been a producers and moderator of “Healthstyles,” a weekly radio program in NYC.

The author of over 200 publications, she is the lead co-editor of the award-winning book, Policy and Politics in Nursing and Health Care and of The Nursing Profession: Development Challenges, and Opportunities, part of the Robert Wood Johnson Foundation Health Policy Book Series. She blogs for the Center for Health, Media & Policy and for Disruptive Women in Health Care, and JAMA’s News Forum.

DEBORAH GROSS, DNSC, RN, FAAN
Deborah Gross is best known for her work in promoting positive parent-child relationships and preventing behavior problems in preschool children from low-income neighborhoods. At the Johns Hopkins University, she holds joint appointments at the School of Nursing, the Department of Psychiatry and Behavioral Sciences in the School of Medicine, and the Department of Mental Health in the Bloomberg School of Public Health. Previously, as the Associate Dean for Research and a department chair at Rush University College of Nursing, Dr. Gross and colleagues developed the Chicago Parent Program, an innovative parenting program that improves parenting behavior and reduces child behavior problems. The program currently is used in a number of settings including Head Start centers in Chicago and New York City. Dr. Gross was a Robert Wood Johnson Executive Nurse Fellow, and among her many recognitions are the Friends of the National Institute for Nursing Research President’s Award for outstanding research and the American Academy of Nursing Edge Runner award honoring developers of model programs offering solutions to health care challenges. She has served on numerous review panels for the National Institutes of Health and the Institute of Medicine, published more than 100 articles, book chapters, and abstracts, and currently serves on the editorial board of Research in Nursing & Health and Nursing Outlook.
JUDITH STORFJELL, PHD, RN, FAAN

Judith Storfjell was recently appointed Senior Vice President for Patient Care Services at Loma Linda University Health System, where she is responsible for elevating patient care practice and integrating care for a seven hospital system. Until July, 2012, Dr. Storfjell was Professor, Associate Dean for Academic Practice, Partnerships and Policy, and the Executive Director of the Institute for Healthcare Innovation (IHCI) in the College of Nursing at the University of Illinois at Chicago (UIC). There, she was responsible for the entrepreneurial, continuing education and clinical practice initiatives of the College, including award-winning nurse managed centers, consulting practice, and the faculty practice plan. During the five years of her leadership, IHCI grew from 10 to 85+ staff, producing over $40 million in revenues—currently consisting of one-third of the College’s annual budget.

At UIC, Dr. Storfjell taught graduate classes in healthcare financial and strategic management, and conducted health services research with a particular focus on healthcare costs. She is the Principle Investigator of four HRSA and ACA-funded projects.

Dr. Storfjell was founder and past President of a diversified home health care company. While President, she had overall responsibility for the development, management, and viability of certified home health and hospice programs, as well as private duty services. She currently sits on the boards of three healthcare systems throughout the US, a University, and an international NGO.

For nearly twenty years, Sr. Storfjell consulted on health care projects with specific emphasis on the organization and management of health care entities. Recently, her focus has been on strategy development and implementation, and positioning organizations for long-term viability. She has expertise in integrating financial and operational strategies, having introduced activity-based costing and the Balanced Scorecard in health care settings. She has consulted on several CMS and CDC projects, including the Community Nursing Organization project, the home care prospective payment and case mix development projects, and the Maine Public Health Emergency Preparedness programs.

Dr. Storfjell has lectured and published extensively on productivity, care management, and health care costs. She is co-author of standards for home care and community health organizations, as well as co-author of the Easley-Storfjell Instruments for Caseload/Workload Analysis. She received a PhD in nursing research from the University of Michigan with special emphasis in health care administration, economics and gerontology; an MS in community health nursing (University of Michigan); and a BS in nursing (Walla Walla University).
DAVID OLDS, PHD

David Olds is currently a Professor of Pediatrics, Psychiatry, Public Health, and Nursing at the University of Colorado Denver, where he directs the Prevention Research Center for Family and Child Health. He has devoted his career to investigating methods of preventing health and developmental problems in children and parents from low-income families. The primary focus of his work has been on developing and testing in a series of randomized controlled trials a program of prenatal and infancy home visiting by nurses known as the Nurse Family Partnership (NFP), which serves socially disadvantaged mothers bearing first children. Today, the program is operating in over 380 counties, serving 23,000 families per year in the United States. Dr. Olds is also working with governments in other societies to adapt and test the NFP in international contexts. He is a member of the American Pediatrics Society, the Society for Prevention Research, the American Public Health Association, the Society for Research in Child Development and the Academy of Experimental Criminology, and has received numerous awards for his work, including the Charles A. Dana Award for Pioneering Achievements in Health, the Lela Rowland Prevention Award from the National Mental Health Association, the Presidential Award from the Society for Prevention Research, the Nurse 21 Community Award from UCLA School of Nursing, the Child Health and Welfare Award from the Colorado Chapter of the American Academy of Pediatrics, the Brooke Visiting Professorship in Epidemiology from the Royal Society of Medicine and the 2008 Stockholm Prize in Criminology. Dr. Olds has been honored to present keynote lectures at various conferences, including the CNO Nursing and Midwifery Conference in Belfast Northern Ireland, the 17th Annual JaSPCAN Conference in Tsukuba, Japan and the Healthy for Life and New Directions Mothers’ and Babies Conference in Brisbane, Australia. He obtained his B.A. from Johns Hopkins University and his Ph.D. from Cornell University.

HARRIET KITZMAN, PHD, RN, FAAN

Harriet Kitzman is an authority on nurse home visitation for low income mothers and their infants. She serves as Senior Associate Dean for Research and Director of the Center for Research Implementation and Translation (CRIT) and is Professor of Nursing and Pediatrics. A member of the Executive Committee of the Center for Translation Science Institute, she also directs its Center for Research Implementation and Translation. She holds graduate degrees from the University of Rochester and held the esteemed Loretta C. Ford Professorship during her 45 year service to the University. Dr. Kitzman was a leader in the early nurse practitioner movement. She became prepared and established practice and educational programs as a pediatric nurse practitioner. She led the development of the first graduate nurse practitioner program at the University of Rochester in 1971. In the late 1960s and 1970s she conducted randomized clinical trials of nurse practitioner practice outcomes. She has presented the results of these studies at national meetings and published the results in high impact journals. She is a well-known consultant on the developing nurse practitioner role and its impact. As the first clinical chief/chair responsible for nursing services in the Medical Center and nursing education and research in the School of Nursing, she has been among the key drivers in the development of the School of Nursing’s Unification Model.

Since the early 1980s her research has been related to the effects of Nurse Home Visitation on first time mothers and children. Focused on the economically disadvantaged, the intervention has demonstrated a broad range of short- and long-term outcomes. This program of research has had significant impact on both individual care and health care policy nationally and internationally with broad program dissemination through the Nurse Family Partnership National Service Office. The program is recognized as one of the American Academy of Nursing’s Edge-Runner Programs. Based on an ecological perspective, the longitudinal data bases developed for the program’s three randomized trials over a 30 year period with continuous grant support provide exceptional opportunities to continue to learn about the mechanisms through which early care of mothers and infants and their environments affect life course development of families and children.

Dr. Kitzman holds multiple awards and has served on a number national and local policy committees including the Board of Children, Youth and Families of the American Academies of Science/Institute of Medicine. She was a charter member of the NSCF study section of NINR.
SHEILA BURKE, MPA, RN, FAAN
Sheila P. Burke is Adjunct Lecturer in Public Policy. She served as Executive Dean of the school from 1996-2000. Previously she had been Chief of Staff to former senate Majority Leader Bob Dole (1985-1996), a professional staff member of the Senate Committee on Finance (1979-1982), and Deputy Staff Director of that committee (1982 to 1985). She is a member of the Institute of Medicine, National Academy of Sciences, and a fellow of the National Academy of Public Administration and the American Academy of Nursing. She serves on the adjunct faculty at Georgetown University and is a Distinguished Visitor at the O’Neill Institute for National and Global Health Law, Georgetown Law Center. She serves on several boards including the Kaiser Commission on the Future of Medicaid and the Uninsured, the Partnership for Public Service, and the Association of American Medical Colleges. She served as a member of the Medicaid Payment Advisory Commission 2000-2007, the Kaiser Family Foundation 1999-2008. Burke, who also serves as a Senior Public Policy Advisor at Baker Donelson in Washington DC, is married and has three children. Burke holds an MPA from the Kennedy School, a BS in nursing from the University of San Francisco, and worked as a staff nurse in Berkeley, California.

ALEXIA GREEN, PHD, RN, FAAN
Alexia Green is Professor of Nursing and Dean Emeriti at Texas Tech University Health Science Center. She has been actively engaged in teaching systems leadership, quality improvement sciences, patient safety, and health policy leadership for many years. Dr. Green’s work has focused primarily on state health policy initiatives. She was appointed by the Governor as the only nurse to the Board of Directors of the Texas Institute of Health Care Quality and Efficiency (2012-2015) and the Texas Health Care Policy Council (2006-2010). Dr. Green Co-Chairs the Texas Center for Nursing Workforce Studies Advisory Committee, working with a team of other nurse leaders to provide sound evidence based data for use in policy making by state legislators. She is a Fellow in the American Academy of Nursing and a Robert Wood Johnson Executive Nurse Leader Fellow. Dr. Green is also a past president of the Texas Nurses Association and a founding member of the Texas Nursing Education Policy Coalition, Texas Nursing Legislative Policy Coalition, and the Texas Patient Safety Alliance. She has led multiple community and statewide coalitions during her career, including obtaining grant funding for these initiatives with agencies such as the National Science Foundation, the U.S. Department of Labor, and the Health Resources and Services Administration. Dr. Green currently serves as Co-Leader of the Texas Team Advancing Nursing Health through Nursing, an Action Coalition of the Initiative on the Future of Nursing: Campaign for Action sponsored by the Robert Wood Johnson Foundation and AARP.

NANCY RIDENOUR, PHD, RN, APRN, BC, FAAN
Nancy Ridenour, is Dean and Professor of the University of New Mexico College of Nursing and a certified family nurse practitioner. She was a Robert Wood Johnson Health Policy Fellow with the Committee on Ways and Means in the US House of Representatives. Prior to the health policy fellowship, she served as Dean and Professor of the College of Nursing at Illinois State University and Associate Dean at Texas Tech Health Sciences Center. Dr. Ridenour has held leadership positions in the American Nurses Association, the American Association for the Advancement of Science, the American Public Health Association, the Sigma Theta Tau International Honor Society of Nursing, the Society of Primary Care Policy Fellows, the National Organization of Nurse Practitioner Faculties and The Executive Nurse Fellows Alumni Association. She received Fulbright-Hays grants for study tours of China, and Egypt and Jordan. She has consulted extensively on primary care and public health issues in South America, Asia, India, the Middle East, and, most recently, Cuba. The author of numerous journal articles and contributions to books, she has focused her career on health policy and improving primary health care for underserved populations. Her awards include two National Endowment for the Humanities fellowships, a primary care policy fellowship from the U.S. Public Health Service, a Robert Wood Johnson Executive Nurse Fellowship, a Robert Wood Johnson Health Policy Fellowship, and induction into the American Academy of Nursing.
THE ACADEMY SHOPPES
Stop by the Academy Shoppes Booth outside the Columbia Ballroom to purchase items such as medallions, lapel pins, charm bracelets, leather business card holders, coffee mugs and pens.

AFFLIATE RECEPTIONS DURING THE ANNUAL MEETING & CONFERENCE
The schedule of Affiliate Group functions can be found on page 14.

AMERICAN ACADEMY OF NURSING MEMBERSHIP MEETINGS
EXPERT PANEL, COMMITTEE, & TASKFORCE MEETINGS
Please see the American Academy of Nursing Meetings Schedule on page 13 for a full listing of Expert Panel, Committee, and Task Force Meetings. Expert Panel meetings are open to all attendees.

NEW FELLOW ORIENTATION
- **Date:** Friday, October 12, 7am – 8:30am
- **Location:** Capitol A/B
A required meeting for all 2012 New Fellows to meet each other, and to become familiar with the Induction process.

ACADEMY OPEN FORUM
- **Date:** Friday, October 12, 12pm – 1pm
- **Location:** Regency Ballroom
This is an open meeting at which Fellows will have the opportunity to discuss the Academy programs and policies, bylaws, as well as the Academy’s strategic directions.

FELLOW SELECTION OPEN FORUM
- **Date:** Friday, October 12, 4pm – 5pm
- **Location:** Yellowstone/Everglades Room, 2nd Floor
This forum is a session for Fellows who are interested in sponsoring applicants for fellowship. Members from the Fellow Selection Committee will discuss the application and selection process.

BUSINESS MEETING
- **Date:** Saturday, October 13, 8:30am – 10am
  (breakfast will be provided)
- **Location:** Regency Ballroom
All Fellows are encouraged to attend the Annual Business Meeting where this year the Board will be engaging in a less formal conversation with the membership.

AMERICAN ACADEMY OF NURSING ANNUAL MEETING & CONFERENCE POLICIES

ADMISSION TO SESSIONS
Official name badges will be required for admission to all Academy sessions. All Annual Meeting & Conference attendees receive a name badge with their registration materials. Name badges should be worn at all times inside the hotel, as badges will be used to control access to sessions and activities. Attendees are cautioned against wearing their name badges while away from the hotel as badges draw unwanted attention to your status as visitors to the Washington DC area.

ADMISSION BY TICKETS
Admission into the Living Legends Celebration Reception and the Induction Ceremony and Strolling Dinner are included in the FULL registration price. The FRIDAY only registration fee includes admission to the Living Legends Ceremony and the SATURDAY only registration fee includes admission to the Induction Ceremony and Strolling Dinner. Your registration packet should include all tickets, including any tickets purchased for guests. If you feel you are missing a ticket, please check with the HELP DESK. Tickets will be collected at the door by ushers.

ATTIRE
Appropriate dress for the Annual Meeting & Conference is business casual. A jacket or sweater is recommended as temperatures in meeting rooms may vary. Dress for the Living Legends Ceremony & Reception is formal business attire (suits and ties for men, business-like dress with jackets for women). Dress for the Induction Ceremony is cocktail-to-formal, with black tie optional for men.

CELL PHONE PROTOCOL
Please ensure that cell phone ringers are turned off during all sessions.
CONTINUING EDUCATION
An application has been submitted for continuing education contact hours for attendance at this year’s meeting. By attending all plenary and breakout sessions and completing the online evaluation form (sent after the meeting), all attendees will receive a certificate of attendance, based on their registration category (pre-conference, full registration, Thursday/Friday only registration, or Saturday only registration).

EMERGENCY & FIRST AID
The Hyatt Regency Washington is fully prepared to handle emergency requests and first aid. Pick up any house phone for immediate assistance and contact an AAN staff person for support. Remember to note all emergency exits within the hotel.

EVALUATIONS
In the Academy’s continued effort to be green, this year’s meeting evaluation will be completed online. You will be notified how to access it after the meeting. Please take the time to complete the evaluation form. Your input and comments are essential in planning future Annual Meeting & Conferences.

EXHIBITS
- Location: Regency/Columbia Foyer
Remember to stop by and visit this year’s exhibitors. Show your support of the new programs and products displayed at this year’s conference.

EXHIBIT HALL HOURS
- Thursday, October 11 1pm – 8pm
- Friday, October 12 7am – 7pm
- Saturday, October 13 7am – 11am

FLORAL ORDERS
Grand Floral & Design (202-637-4783) is the preferred florist for the Academy. Please contact them with any questions regarding flowers ordered through them. The flowers will be distributed by Grand Floral & Design for Saturday evening and may be picked up in Columbia A between 3pm – 7pm on Saturday. Please be sure to pick them up within that window of time since after 7pm the flowers will be left unattended. Due to the size of the 2012 Class of New Fellows and the need to keep the ceremony flowing without disruption, flower arrangements MAY NOT be given to a New Fellow during the Induction Ceremony. We ask that you please respect this policy.

HOTEL INFORMATION
Hyatt Regency Washington on Capitol Hill
400 New Jersey Avenue, NW, Washington, DC
202-737-1234
- Check-in: 3pm
- Check-out: 12pm

BUSINESS CENTER
There is a FedEx Business Center on the Lobby Level of the hotel.

INTERNET ACCESS
The public areas at the hotel are wireless. Your guest room is wireless. The meeting areas do not have internet accessibility. PLEASE NOTE: The internet is complimentary in your room during your stay during the Annual Meeting & Conference.

NO SMOKING
The Hyatt Regency Washington on Capitol Hill is a non-smoking property.

PARKING
Valet parking is available for $41/day with in-and-out privileges.

INDUCTION CEREMONY SEATING
There is no assigned seating for the Induction Ceremony. However all guests are granted access to the Regency Ballroom at 4pm to save the appropriate number of seats. Unfilled reserved seats will be released after 5:45pm. New Fellows, 2012 Honorary Fellows, 2012 Living Legends, and Academy Board Members will have assigned seats in the front of the Ballroom. New Fellows WILL NOT be sitting with their families.

LOST & FOUND
Please feel free to stop by the HELP DESK if you have lost or found an item during the course of the Annual Meeting & Conference. You may also wish to check with hotel security regarding lost items.

MESSAGES
A self-service message board (non-electronic) will be available in the Hall of Battles, Ballroom Level for attendees to post notes or leave messages for other attendees. Please remember to check for any messages that may be left for you.
PHOTOGRAPHY
Cameras are not permitted in any 39th Annual Meeting & Conference educational session or in the poster areas.

The Academy has arranged for a photographer to be present throughout much of the Annual Meeting & Conference. The Academy will use these photos in publications and to produce related literature and products for public release. Individuals photographed will not receive compensation for the use and release of these photos and will be deemed to have consented to the use and release of photos in which they appear. If you are opposed to being photographed, please immediately notify the photographer or an Academy staff member if your picture is taken. Thank you for your cooperation.

POSTER SESSIONS
Location: Regency/Columbia Foyer

All posters will be shown in an electronic format. Please be sure to stop by and check out this latest technology and support your colleagues.

Posters will be displayed throughout the meeting. Pre-Conference presenting authors will be available on Thursday, October 11, between 1pm – 1:30pm. Annual Meeting & Conference authors will be available on Friday, October 12, between 4:20pm – 7pm. Please check the exact timing of each author presentation on page 33.

REGISTRATION DESK
Location: Main Lobby

Name badges, registration bags, and tickets will be distributed at the Registration Desk. Academy staff will be available to answer questions and provide support to attendees. Academy Board Members will be available throughout the Registration hours as their schedule allows.

The Registration Desk will be open during the following times:
- WEDNESDAY, October 10 4 – 8pm
- THURSDAY, October 11 7am – 7pm
  (Closed from 12:30pm – 1pm)
- FRIDAY, October 12 7am – 7pm
  (Closed from 12:30pm – 1pm)
- SATURDAY, October 13 7am – 5pm
  (Closed from 12:30pm – 1pm)

GUEST TICKETS

Guests may register to attend the Living Legends Ceremony & Reception at a cost of $125 per guest. Tickets for the Induction Ceremony and Strolling Dinner may be purchased for $150 per guest (based on availability). All tickets may be purchased at the HELP DESK.

LUNCH TICKETS

You may purchase lunch tickets at the Registration Desk. There are limited tickets available each day and cost $35/ticket.

RHEBA DE Tornyay Development Fund

To quote Dr. de Tornyay, “We are a small group charged with setting the course for a large and essential profession.” The effectiveness of the Academy, in part, depends on a healthy Development Fund. In 2012, the Academy’s Rheba de Tornyay Development Fund is challenging each Fellow to establish their presence in the Academy. The ways in which a Fellow’s presence can be felt includes active participation on an Expert Panel or Committee, sponsorship of a New Fellow, Living Legend or Honorary Fellow, or gifts that are at a level meaningful to them. When you consider a gift to a new Fellow, please consider a gift to the Rheba de Tornyay Development Fund in their honor. You may donate online at www.AANnet.org, or on-site at the Academy Shoppes Booth.
EXHIBITOR INFORMATION

ELSEVIER
BOOTH 1206
www.elsevierhealth.com
ELSEVIER is a leading publisher of health science publications, advancing medicine by delivering superior reference information and decision support tools to doctors, nurses, health practitioners and students. With an extensive media spectrum – print, online and handheld – we are able to supply the information you need in the most convenient format.

FITZGERALD HEALTH EDUCATION ASSOCIATES
BOOTH 1207
www.fhea.com
Founded in 1988, Fitzgerald Health Education Associates, Inc. (FHEA) delivers the most up-to-date, evidence-based NP certification exam preparation available, while also providing active nurse practitioners and other healthcare providers with the continuing education and resources needed to maintain professional competence.

The Fitzgerald Review Method has successfully prepared more than 60,000 NPs for certification and advanced practice.

INDIAN HEALTH SERVICE HEADQUARTERS
BOOTH 1208
The Indian Health Service addresses health needs of over 1.9 million American Indians and Alaska Natives in a network of 48 hospitals, more than 230 clinics and a system of Tribal and Urban Indian programs with the goal of recruiting health professionals to serve in the Indian healthcare settings.

Springer Publishing Company has been, for more than 55 years, one of the premier publishers of quality nursing books in the field. Please come by our display to see our host of new and exciting titles in numerous fields of nursing.

UNITEDHEALTHCARE

BOOTH 1202

Recognizing the evolving role of nurses and the changing dynamics in our country’s health care needs, UnitedHealth Group established the Center for Nursing Advancement in August 2008. The Center for Nursing Advancement will act as a conduit for UnitedHealth Group’s focus on nurse engagement strategies and the training, coaching and mentoring of its nurse professionals. As a result, UnitedHealth Group nurses will be better positioned to meet and support the evolving demands of health care consumers. Additionally, UnitedHealth Group nurses will be part of a team of colleagues that lead the design of new care-delivery models necessary to solve the challenges facing the nursing profession and vital to achieving health care modernization.

UNIVERSITY OF CALIFORNIA – LOS ANGELES, SCHOOL OF NURSING

BOOTH 1213

The UCLA School of Nursing is a significant force in developing nurse leaders to inspire individuals across the lifespan to achieve health, wellness, and quality of life; by transforming nursing care through academic excellence, innovative research, and superior clinical practice. The school offers two pre-license BS & Master’s Entry, along with two post-license Advance Practice & PhD programs.

UNIVERSITY OF ILLINOIS AT CHICAGO

BOOTH 1215

www.uic.edu/nursing

The mission of the University of Illinois at Chicago College of Nursing is to transform health, healthcare, and policy through knowledge generation and translation, and education of future leaders from diverse backgrounds. Ranked 7th nationally in NIH funding, the College offers BSN, Master’s, PhD, and DNP degrees, in addition to a graduate-entry program and post-master’s certificates.

UNIVERSITY OF MINNESOTA SCHOOL OF NURSING

BOOTH 1201

www.umn.edu

The University of Minnesota School of Nursing, ranked in the nation’s top five percent of nursing schools, is a leader in improving health care through research, education, and service. The school has a vast numbers of programs including the BSN, MN, PhD, and DNP which features 14 specialty areas.

UNIVERSITY OF WISCONSIN – MILWAUKEE COLLEGE OF NURSING

BOOTH 1205

www.uwm.edu

US News & World Report continually ranks UWM College of Nursing graduate programs in the top 10% of nursing schools. The College is a leader in development of innovative academic and research programs and for pioneering work in community nursing centers. We offer BS, MN, DNP, and PhD degrees in nursing.

Disclaimer of Endorsement: Reference herein to any specific commercial products, process or service by tradename, trademark, manufacturer, or otherwise, does not necessarily constitute or imply it’s endorsement, recommendation, or favoring by the American Academy of Nursing.
The first author of each poster will be available either Thursday, October 11th between 1pm – 1:30pm or Friday, October 12th, between 4:20pm – 7pm. Each author is assigned a specific time frame to present their poster. Authors will be available during their assigned 20 minute time period for discussion of their research and poster. Once the 20 minutes has passed, the monitors will automatically rotate to the next author’s poster.

Outside of the hours listed above, the posters are available for viewing throughout the Annual Meeting & Conference.

How to find interpret the poster presentation schedule:

Monitor 1
4:20 – 4:40pm
Indicates which monitor the poster will be displayed on in the Regency or Columbia Foyer
Indicates the assigned time the author will be discussing their research and poster.

THURSDAY POSTER PRESENTATIONS

MONITOR 1
1:00pm – 1:30pm
Hypertension in Haitian Migrant Communities in the Dominican Republic: An Investigation of Three Rural Bateyes
Tamara M. Kear, Villanova University

MONITOR 2
1:00pm – 1:30pm
Using Comparative Effectiveness Research Strategies in a Global Public Health Study Abroad Initiative
Constance Smith Hendricks, Auburn University
Gregg Newschwander, Auburn University
Address Malada, University of Malawi
Lindy Blanchard, 100x Development Foundation

MONITOR 3
1:00pm – 1:30pm
Low blood lead levels and behavioral/emotional problems in preschool children
Jianghong Liu, University of Pennsylvania
Linda McCauley, Emory University
Jennifer Pinto-Martin, University of Pennsylvania
Walter Rogan, National Institute of Environmental Health Sciences
Yinjie Wang, University of Pennsylvania
Xianchen Liu, Indiana University

MONITOR 4
1:00pm – 1:30pm
Effects of Fluid Intake and Hydration on Cognitive Function
Glenda Lindseth, University of North Dakota
Thomas Petros, University of North Dakota

FRIDAY POSTER PRESENTATIONS

MONITOR 1
4:20pm – 4:40pm
Older Adults with Poor Memory Performance Outcomes from the SeniorWISE Memory Training plus Yoga
Graham J McDougall, The University of Alabama, Capstone College of Nursing
Phillip W. Vaughn, Texas State University

4:40pm – 5:00pm
Calorie Posting in Chain Restaurants in a Low-Income Urban Neighborhood: Measuring Practical Utility and Policy Compliance
Elizabeth Cohn, Columbia University

5:00pm – 5:20pm
Effect of treadmill exercise on the recovery of dopaminergic neuron loss and muscle atrophy in the 6-OHDA lesioned Parkinson’s disease rat model
Myoung-Ae Choe, Seoul National University
Songhee Jeon, Dongguk University
Byung-Soo Koo, Dongguk University
Gyeong-Ju An, Cheongju University

5:20pm – 5:40pm
Blogging as an Innovative Strategy to Develop Emerging Nurse Leaders
Rose O. Sherman, Florida Atlantic University

5:40pm – 6:00pm
Home Healthcare Services: Encouraging Acceptance by Heart Failure Patient-Caregiver Dyads at End of Life
Judith E. Hupcey, Pennsylvania State University
Lisa Kitko, Pennsylvania State University
Maureen Palese, Pennsylvania State University
6:00pm – 6:20pm  
Randomized Comparison of Two Internet-Supported Fertility Awareness Based Methods of Family Planning
- Richard Fehring, Marquette University
- Mary Schneider, Marquette University
- Kathleen Raviele, Private Practitioner
- Dana Rodriguez, Marquette University
- Jessica Pruszynski, Medical College of Wisconsin

6:20pm – 6:40pm  
National Network Study of Operational Failures in Frontline Nursing: Scaling Up for Policy
- Kathleen R. Stevens, University of Texas Health Science Center
- Darpan Patel, University of Texas Health Science Center
- Frank Puga, University of Texas Health Science Center
- Robert L. Ferrer, University of Texas Health Science Center

6:40pm – 7:00pm  
Proactive approach to risk reduction and early detection of breast cancer-related lymphedema
- Mei R. Fu, New York University
- Amber Guth, New York University Cancer Center
- Robin Kleinman, New York University Cancer Center
- Francis Cartwright, New York University Medical Center
- Judith Haber, New York University
- Deborah Axelrod, New York University Cancer Center

MONITOR 2

4:20pm – 4:40pm  
Removing Scope of Practice Barriers in California through Analysis of Current Statutes and Regulations
- Garrett K. Chan, Stanford Hospital and Clinics and University of California, San Francisco
- James R. Stotts, University of California, San Francisco
- Eileen Fry-Bowers, Loma Linda University
- Susanne J. Phillips, University of California, Irvine

4:40pm – 5:00pm  
A Multi-Site Study of the Impact of Global Service-Learning
- Donna M. Nickitas, Hunter College
- Gerard M. Fealy, University College of Dublin
- Mary Lou De Natale, University of San Francisco

5:00pm – 5:20pm  
Leading and shaping advancement of health care and health policy by its promotion via publishing research manuscripts and popular literature
- Huey-Ming Tzeng, Washington State University
- Chang-Yi Yin, Chinese Culture University

5:20pm – 5:40pm  
What is the Impact of a Caring Professional Practice Model with Shared Governance on Clinical Staff’s Caring, Workplace Engagement, and Structural Empowerment?
- Lynda D. Olender, James J. Peters VA Medical Center
- Kathleen Lesiak Capitulo, James J. Peters VA Medical Center

5:40pm – 6:00pm  
Building and Testing and Electronic Bedside Communication Center (eBCC)
- Diane L. Carroll, Massachusetts General Hospital
- Patricia C. Dykes, Brigham and Women’s Hospitals
- Ann C. Hurley, Brigham and Women’s Hospitals

6:00pm – 6:20pm  
Doctor of Nursing Practice Scholarly Project Publication: Innovation and Transformation of Health Care Policy
- Jane D. Champion, University of Texas at Austin
- Jeannette T. Crenshaw, Texas Tech University Health Science Center
- Melinda G. Hester, Texas Board of Nursing
- Sylvain Trepanier, Tenet Healthcare Corporation

6:20pm – 6:40pm  
Feasibility and Acceptability Pilot Study of a Meaningful Activity Intervention for Couples Dealing with Mild Cognitive Impairment
- Yvonne Yueh-Feng Lu, Indiana University
- Joan E. Haase, Indiana University
- Michael T. Weaver, Indiana University

6:40pm – 7:00pm  
The Effects of State Level Practice Environments on Growth in the Numbers of APNPs
- Pamela Salsberry, Ohio State University
- Patricia Reagan, Ohio State University

MONITOR 3

4:20pm – 4:40pm  
Adversity and Health Challenges of Transgender Persons: Awareness and Policy Needs
- Joanne Hall, University of Tennessee
- Sadie P. Hudson, University of Tennessee
- Ken Phillips, University of Tennessee
4:40pm – 5:00pm
Preparing Clinical Nurse Specialists for Leadership and Advocacy: Findings from a Service Learning Module
- Janet S. Fulton, Indiana University
- Carol L. Baird, Indiana University
- Lisa R. Thompson, Indiana University
- Barbara M. Friesth, Indiana University

5:00pm – 5:20pm
Primary Care Nurse Practitioners’ Knowledge and Practice of Chronic Pain Management
- Diane O. Tyler, University of Texas at Austin
- Mary Lou Adams, University of Texas at Austin
- Frances Sonstein, University of Texas at Austin
- Stephanie Key, University of Texas at Austin
- Paula Worley, University of Texas at Austin

5:20pm – 5:40pm
Creating Connections: Using Social Media to Advance the IOM Recommendations in Kansas
- Janet D. Pierce, University of Kansas
- Jon C. Teel, University of Kansas
- Qiuhua Shen, University of Kansas
- Cynthia S. Teel, University of Kansas

5:40pm – 6:00pm
The Role of Nurse Practitioners in Reframing & Reforming State Regulatory Policy
- Joyce A. Pulcini, George Washington University
- Andréa Sonenberg, Pace University
- AHillary Knepper, Pace University

6:00pm – 6:20pm
The Case for Case Management by School Nurses: Improving Quality of Life for Students with Chronic Illness
- Martha K. Engelke, East Carolina University
- Melvin Swanson, East Carolina University
- Martha Guttu, NC Department of Health and Human Services (retired)

6:20pm – 6:40pm
California Action Coalition: Shaping the Future of Nursing by Transforming Health through Nursing Leadership
- Casey R. Shillam, Johns Hopkins University
- Mary Dickow, California Action Coalition

6:40pm – 7:00pm
The Reproductive Options Education (ROE) Consortium: Aligning nursing practice, advocacy and education.
- Joyce Cappiello, The ROE Consortium
- Katherine Simmonds, MGH Institute of Health Professions
- Diana Taylor, University of California, San Francisco

4:20pm – 4:40pm
Rituals of Medicalisation – Everyday Practice at a Medical Ward. A 16-Month Ethnographic Field Study
- Axel Wolf, University of Gothenburg
- Inger Ekman, University of Gothenburg
- Lisen Dellenborg, University of Gothenburg

4:40pm – 5:00pm
Uncertainty in illness among patients with chronic heart failure can be reduced by person-centered care.
- Axel Wolf, University of Gothenburg
- Kerstin Dudas, University of Gothenburg
- Lars-Eric Olsson, University of Gothenburg
- Karl Swedberg, University of Gothenburg
- Maria Schaufelberger, University of Gothenburg
- Charles Taft, University of Gothenburg
- Inger Ekman, University of Gothenburg

5:00pm – 5:20pm
DNA Methylation Patterns Suggest Future and Heritable Cardiovascular Risk: Potential for Transformation of Cardiovascular Screening in Preeclampsia
- Cindy M. Anderson, University of North Dakota
- Michelle L. Wright, University of North Dakota
- Jody L. Ralph, University of North Dakota
- Eric Uthus, Grand Forks Human Nutrition Research Center
- Joyce E. Ohm, University of North Dakota

5:20pm – 5:40pm
Implementing a Heart Failure Care Bundle in an Acute Care Facility Prior to Hospital Discharge
- Karen L. Meskimen, Renown Health
- Michele M. Pelter, University of Nevada, Reno

5:40pm – 6:00pm
Enhancing the Informed Consent Process at Chemotherapy Recommendation for Breast Cancer
- Margaret Rosenzweig, University of Pittsburgh
- Kathleem Slavish, University of Pittsburgh
- Jacqueline Simon, University of Pittsburgh

6:00pm – 6:20pm
Leveraging Economic Impact to Influence Public Policy Related to Greater Utilization of APRNs
- James Dickens, Texas Team Advancing Health through Nursing – An Action Coalition of the IFN
- Alexia Green, Texas Team Advancing Health through Nursing – An Action Coalition of the IFN
- Patricia Yoder-Wise, Texas Team Advancing Health through Nursing – An Action Coalition of the IFN
6:20pm – 6:40pm
Supervisors’ Perceptions of Initial Graduates of a New HIV Nurse Practitioner Program in Zambia: Implications for Health Policy and Integration of Graduates into the Zambian Health System
- Lynda Wilson, University of Alabama at Birmingham
- Moses Sinkala, Catholic Medical Missions Board
- Alexandrina Mwale, Lusaka School of Nursing and Midwifery
- Ben Davis, Axios International

6:40pm – 7:00pm
A Concept of Motivation for Family-Centered Care in the Context of Parenting of Infants with Special Health-Care Needs
- Karen Pridham, University of Wisconsin, Milwaukee
- Tondi Harrison, The Research Institute at Nationwide Children’s Hospital
- Mary Krolikowski, Children’s Hospital of Wisconsin, Milwaukee
- Roger Brown, University of Wisconsin, Milwaukee

MONITOR 5
4:20pm – 4:40pm
Factors Associated With HIV-transmission in Black and Latina Women
- Carol Roye, Hunter College

4:40pm – 5:00pm
Structural Empowerment and Job Satisfaction of Clinical Nurse Managers
- Beth Ann Oliver, Lenox Hill Hospital
- Maureen White, North Shore LIJ Health System
- Kathy Galla, North Shore LIJ Health System
- Mary Quinn-Griffin, Case Western Reserve University
- Joyce Fitzpatrick, Case Western Reserve University

5:00pm – 5:20pm
Ethical Analysis of Community-Based Behavioral Interventions using the Concepts of Casuistry
- Jane D. Champion, University of Texas at Austin

5:20pm – 5:40pm
Has Nurse Support II accomplished its goal in creating diversity in master’s level prepared nurses in Maryland?

**ACKNOWLEDGEMENTS**
The contribution of the Gertrude E. Skelly Charitable Foundation underwrites a significant portion of the Annual Meeting & Conference. The American Academy of Nursing deeply appreciates the Foundation’s generosity and their continued support of nursing.

The American Academy of Nursing gratefully acknowledges the generosity of Hill-Rom for their support of the Annual Meeting & Conference Policy Dialogues.

The Academy recognizes Johnson & Johnson for their support of the Academy’s 2012 Excellence in Media Award.

The American Academy of Nursing extends a special thanks to our Exhibitors and Program Advertisers. Their continued support of our efforts is sincerely appreciated and please know we deeply value your endorsement.
CONGRATULATIONS TO THE 2012 AWARD WINNERS

LIVING LEGENDS RECOGNITION

The American Academy of Nursing is proud to recognize outstanding Fellows who epitomize nursing’s proud history and serve as role models for all of us. The following nurses are honored as Living Legends in recognition of the multiple contributions these individuals have made to our profession and society and in recognition of the continuing impact of these contributions on the provision of health care services in the United States and throughout the world.

2012 LIVING LEGENDS

- Anne J. Davis, PhD, MS, RN, FAAN
- Mi Ja Kim, PhD, RN, FAAN
- Nola J. Pender, PhD, RN, FAAN
- Muriel Poulin, EdD, RN, FAAN

CIVITAS AWARD

The Civitas Award is given to one who exemplifies extraordinary dedication to excellence in promoting quality care in nursing.

2012 CIVITAS AWARD WINNER

Amy Berman, MS, RN

MEDIA AWARD

Supported by Johnson & Johnson
The Media Award recognizes exemplary journalism that reports on health or health care with accurate and appropriate inclusion of nurses’ contributions or perspectives.

- 2003–2005 Joan L. Shoaver
- 2005–2007 Linda Burnes Bolton
- 2009–2011 Catherine Gilliss
Strong nurse leaders make all the difference.

It takes a commitment to nursing excellence and strong partnerships between clinical practice and education to improve patient care and ensure the future of healthcare. Indiana University Health and the Indiana University School of Nursing are proud of two nurse leaders who have the strength it takes to guide today’s RNs and mentor tomorrow’s practitioners toward lifelong success. Fellows in the American Academy of Nursing will soon learn what we already know: Marilyn Cox and Barbara Habermann are remarkable nurse leaders. Congratulations!
Congratulations to Rachel DiFazio and Sara Dolan-Looby on their induction as Fellows of the American Academy of Nursing.

BREAKING NEW GROUND. TRANSFORMING HEALTH CARE.
CONGRATULATIONS
to our new AAN Fellows

Ruth McCaffrey, DNP ’01
Kris McLoughlin, DNP ’06
Carol Porter, DNP ’09
Pamela Salsberry, BSN ’75
Thomas Smith, DNP ’10

They join our other 119 AAN Fellows and 12 AAN Living Legends.
A colleague recently said of Tara Hulsey,

“Her passion for excellence in nursing is contagious.

She understands the importance

of high quality nursing education

as the foundation for excellence in nursing practice.”

Charleston Southern University

congratulates Dr. Hulsey on her induction as a Fellow of the American Academy of Nursing
The nursing program at the University of Missouri–St. Louis develops nurses who are dedicated to excellence and leadership through innovative programs. Graduates improve the health outcomes of our community through professional practice, generation and translation of nursing science and research, and health care policy advancement. UMSL nursing graduates contribute to excellent care for every person, every day.
