

AMERICAN ACADEMY OF NURSING
COMMITMENT TO SERVE ON AN EXPERT PANEL

The American Academy of Nursing is inviting Fellows to apply for participation on an Expert Panel. Expert Panel members are Fellows in the Academy with expertise in a particular area of strategic importance to the Academy. The Academy relies on members of Expert Panels to be able to respond quickly to policy issues by providing testimony, writing op-eds and position statements, reviewing documents for comment, serving on national workgroups, and other similar opportunities advancing the work of the Expert Panel and the Academy.

We need to establish an accurate database of Expert Panel membership and are, therefore, asking all Fellows who are interested in continuing to serve on an Expert Panel, or Fellows who have relevant expertise and wish to apply for an Expert Panel, to complete this Commitment to Serve form. Experiences that demonstrate expertise for an Expert Panel can include conducting research in the area, publishing, developing policy papers, service as an active member of the Expert Panel, giving testimony, serving on a national commission related to the Expert Panel's focus, etc.

The Expert Panel in which I am interested in being an active member is

Three experiences that demonstrate my expertise to be a contributing member of the Expert Panel include:

1.

2.

3.

Fellow's Name:
Contact Information:
