The Academy announced the public awareness campaign, Have you ever served in the military? at the National Association of State Directors of Veterans Affairs conference. The state directors roundly endorsed the initiative. This campaign seeks to improve the health of veterans and their families by accessing timely assessments. Initiated by the Military & Veterans Health Expert Panel, a policy brief on the program will be published in the September-October issue of Nursing Outlook.

The US Department of Health and Human Services approved the academy’s partnership with Million Hearts. The Academy will be producing a white paper on evidence-based best practices and policy recommendations to promote cardiovascular health and wellness based on the ABCS for individuals and populations to include nurse-led models of care.
