

## VOLUNTEER OPPORTUNITIES

### AAPS Communities Volunteer Opportunities

[Apply to join](#) an AAPS Community leadership team to enhance members' networking, discussions, and knowledge-sharing.

We are seeking volunteers for the following positions:

- **Secretary:** Corresponds with community volunteers and maintains its records
- **Learning Opportunities Manager(s):** Develops learning opportunities
- **Member Engagement Manager(s):** Engages members in the online community platform

Refer to the [Communities Leadership Positions Guide](#) for complete details about the duties for each position.

#### Leadership Activities

The community leadership drives activities in this community to increase online discussions and develop learning opportunities to help the members to learn and grow. Activities include:

- Community leadership hold monthly, one-hour teleconferences to drive activities within the community.
- The chair will be invited to monthly calls to connect all community chairs.
- Community volunteers are invited to monthly, one-hour training webinars.
- Time to develop learning opportunities which varies based on specific projects being developed.
- Time to share information and monitor discussions in the online platform.
- Attendance at PharmSci 360 is encouraged to promote the community and engage conference attendees.

#### Term

The term for all positions is a minimum of one year with the option to renew.

#### Qualifications

- Be an AAPS member at the time of application.
- Membership must be maintained while in a leadership position.
- Interest in contributing to the Communities to help connect members and share knowledge and resources.
- Ability to share documents and communicate with other members in the online community platform.
