

## **Data Committee**

The Data Committee is an Advisory Committee to the AAVMC Board of Directors. The Data Committee supports a core component by which AAVMC fulfills its mission: Analyze – generate data-driven information that helps member institutions improve performance and plan for the future.

### **Charge**

The Data Committee is charged to:

- Provide review of annual data collection processes and forms used to obtain data.
- Monitor distribution of data requests, collection of data, and the manner in which data is presented and distributed.

### **Composition**

The membership of the committee is composed of two to four deans of U.S. schools or colleges of veterinary medicine, two to four financial or business officers at a school or college of veterinary medicine, one professional staff member with responsibilities related to institutional research, and at least one associate dean for academic affairs at a school or college of veterinary medicine.

Data Committee members are nominated through the AAVMC annual call for volunteers and are appointed by the AAVMC president. The at-large director representing U.S. colleges on the Board of Directors serves as the committee chair, and the at-large director representing Canadian colleges serves as a committee member. The term of office for committee members shall be three years, and committee members are eligible for reappointment once to a maximum of two terms.
