Why do you want to serve?

I want to serve the members of the ACAR community as an affiliate director, because I passionately believe in the mission, plan and work of the organization. I want to further extended my support and hard work. I feel as though I bring experience and value to the table and would love to share my passion for real estate by example.

What ACAR activities interest you the most?

I am most interested in anything that promotes the great work that ACAR does and the value it brings to the industry. RPAC and ACAR support the agents in their local communities and really brings the value to the agent in their everyday lives. In particular, events, education, meetings, anything that promotes progress while supporting the agent.

What do you see as the value of ACAR to its members?

ACAR supports and encourages agents to arm themselves with the knowledge they need to be successful in the industry. ACAR fights for home ownership rights. through education, events, fundraising, placemaking grants, etc, ACAR makes a difference in the community at large and helps to promote the agents themselves in a positive light

How would you convey the value of ACAR to members?

I think the best way to convey value to to talk about it..... socially, organically and sometimes just through a good old fashioned phone call or coffee meeting. I think education is so important at every level.

What positive changes would you like to see ACAR make?

I think ACAR is always moving in a positive direction and I cannot wait to be able to continue to create opportunities for its members.

Briefly describe your real estate background.

I have been in the real estate and title business since 2000. I have been with Mutual Title since 2005. Serving the real estate industry through my experience and knowledge is my passion.
