

Reach the Private Equity C-Suite

PECS Sponsorship Opportunities

100+ PE leaders | 25 states | \$250 billion+ collective AUM

ACG's Private Equity C-Suite (PECS) network connects CFOs, COOs, CCOs, and general counsel at leading middle-market private equity firms with peers who help them benchmark decisions and navigate evolving regulatory, operational, and technology challenges.

Why Sponsor PECS?

PECS sponsorship connects your firm with an exclusive community of private equity C-suite decision-makers and positions your expertise around the issues that matter most to middle-market PE leaders.

PECS sponsors benefit from:

- **Trusted positioning:** Showcase your expertise in a focused, peer-driven environment.
- **Meaningful visibility:** Build brand recognition with an influential private equity audience.
- **Direct access:** Deepen relationships with senior leaders across finance, operations, compliance, legal, and technology at leading middle-market private equity firms.

Sponsorship Opportunities

- **Monthly member calls:** Open a virtual PECS meeting with an introduction to your firm, its expertise, and its offerings.
- **In-person events:** Connect with PECS members at an exclusive live event. Sponsors receive two event passes, brand recognition before and during the event, an opportunity to address attendees from the stage, and access to the attendee list, including email addresses.
