

## Student Voice – What's next?

After students have brainstormed:

- activities they would like implemented.
- equipment they would like purchased.
- Ways to create a more supportive the school environment.
- Enablers and barriers to participation.

It's time to assess feasibility of these ideas!

As a follow up activity, ask the following questions:

1. Which activities are most **realistic** to implement?
2. Which are most **sustainable**?
3. Which can link students to the **community**?

Assess the options listed and narrow down your list to your 3 preferred options for implementation.

- 1.
- 2.
- 3.
