Join us for our 1st Virtual Movie Night
Wednesday, September 30, 2020
5:30—8:15 pm

THE BLEEDING EDGE

Speakers:
Kerry Flynn  Neuropace, Inc.
Leslie Prichep  Brainscope
Dee Tilley  Mercy Hospital

Program Description:
The Bleeding Edge, an Academy Award nominated Netflix documentary, examines the $400 billion medical device industry and the 510K process for bringing a medical device to market. It looks at how profit driven incentives can put patients at risk. Hear patients speak of their experiences with these devices.

This interactive program will start with an overview of device regulations before we view the film. This will be followed by a panel discussion and Q & A session lead by our panelists.

Upon completion of this Webcast, attendees should be able to describe:
1. FDA’s IDE and 510K processes for bringing a device to market.
2. how devices that have not been tested in humans are brought to market.
3. how some devices approved through the 510K process have put patients at risk.

Target Audience:  All Clinical Research Professionals

Agenda:
5:30-5:40  Welcome and Chapter Meeting
5:40-6:00  Introduction to Device Regulations
6:00-7:40  Viewing of The Bleeding Edge
7:40-8:15  Panel Discussion/Q & A

Cost:  Complimentary for NY Metro Chapter Members/$25 Non NYM Chapter Members.

Registration:  Purchase the event at Eventbrite until Tuesday, September 29, 2020, 5 pm. A Zoom registration link will be sent the day before the event.
