Event description: The Association for Clinical Research Professional's Western New York Chapter invites you to a social which promises to begin your holidays with cheer, friends and laughter. We hope it will also provide an opportunity to build new relationships to create a stronger research community. WNY Chapter will provide dinner and beverages. To add some holiday fun, we invite you to join in a White Elephant Gift Swap (aka "Yankee Trader"). To take part please bring 1 gift-wrapped item, either something from home (think funny, kitschy or weird!) or a new item worth \$10 or less. You bring a gift and you'll go home with one! Check out the rules and gift examples at: <https://www.whiteelephantrules.com/> (the 'vanilla' version).

Upon completion of this social, attendees should be able to:

1. Identify by name 3 attendees
2. List 3 items that enhance holiday spirit
3. Describe the Western New York Chapter's voting process (which will be coming up in December).
