Dear Chapter Members,

We’ve past the mid-point of 2014—goodness how time flies!!

The Greater San Antonio Chapter’s new officers now have one chapter event under our belts with the successful presentation of a webinar on Risk-Based Monitoring. It seems this was a topic that interested many, and we are happy with the turnout—but we would be thrilled to have more!

It seems research is always evolving, changing, and fluid in its progress forward. As we move through the year 2014, please let us know anytime you have an idea for a topic of research interest you would like to learn more about—we are here for you, and are open to any suggestions for educational offerings!! We hope the second half of 2014 will bring more chapter members, as well as more chapter member involvement and interaction. But please—encourage your research coworkers to attend chapter functions—one not need be a member to attend!

That said, please join us for a summer networking get-together this month at Dave & Buster’s—see below for details. We look forward to seeing you at this event!!

Again, thank you all for your continued support and I look forward to meeting you during our next Chapter meetings.

Sincerely,
Rhonda Yeatts, RN, CCRC, CCRP

“Relativity applies to physics, not ethics.”
~Albert Einstein
Greater San Antonio Chapter 2014 Officers
Left to Right: Luis Sartario, Cheryl Sheets, Rhonda Yeatts, Harvonya Perkins

- **President:** Rhonda Yeatts, RN, CCRC, CCRC.
  Rhonda is the Clinical Research Director at Health Texas Research Institute. She has been a member for 5 years, and a 9-year-member of SoCRA.
- **Vice President:** Cheryl Sheets, BSN, RN, CCRC.
  Cheryl is a Clinical Research Coordinator at Diagnostic Research Group. She is also a Lifetime Member of the San Antonio Stock Show and Rodeo.
- **Treasurer:** Luis Sartario, Sr., MBA, CCRA.
  Luis is the Clinical Research Manager for RPS. He is a foundational member of this chapter and has served in every officer position.
- **Secretary:** Harvonya Perkins, BS, CCRC.

**Guidance for Industry**

E2B(R3) Electronic Transmission of Individual Case Safety Reports (ICSRs)
Implementation Guide – Data Elements and Message Specification

Check [www.fda.gov](http://www.fda.gov) for more details.

**HIPAA and Patient Identifiers**

There is nothing in the FDA regulations that prohibits study sponsors from collecting identifying information about study subjects. The HIPAA regulations also do not prohibit the sponsor from collecting or reviewing documents containing subject identifiers, but privacy rules require only that the information be maintained in a confidential way.
