

Fun with Faces

Instructions:

1. Put baby's hand on one part of your face. Name what part of your face baby is touching.
2. Continue this for other body parts (nose, mouth, ear, etc).

Materials:

- Caregiver and baby
- Stuffed animal

How to extend activity:

Use a stuffed animal and point to its different body parts and name them.

What they learn:

Language: Baby is learning new words and developing language as you name the parts.

Motor: Baby is touching the different body parts with his/her hands.
