

Follow the Leader

Instructions:

1. Copy the motion your baby is already doing (such as opening and closing their hand, tapping on the table, waving, making sounds).
2. Add new and complex movements.
3. Watch baby's reaction and if he/she becomes frustrated scale back some.

Materials:

- Baby and you

What will your child learn?

Language - Caregiver and baby are exchanging language with one another.

Cognitive - Baby is able to see and copy the action being done by caregiver

Fine Motor - Baby is using his/her hands to complete the action of tapping the table, waving etc.
