

Learning At Home Activity

Age Group: Birth to 1 year old
Objective: Approaches to learning, Attends and engages

Let's Follow That Toy

Instructions:

1. Gather the toy you will be using for the activity.
2. Sit infant on your lap facing you.
3. Ask the infant questions about the toy.
4. While you move the toy over his/her head, ask, "Do you see my toy?"
5. Move the toy down to their toes.
6. Observe if the infant is following the toy with eye movement or head movements.
7. Continue the activity with different questions until the infant is no longer interested in the activity.

Questions to extend learning:

- Where is the toy?
- What noise does it make?
- Can you reach the toy?

Materials:

- Small plush toy
- Rattle, or any small toy that makes noise

What will children learn?

The infant will practice skills in approaches to learning as the child attends and engages with the direction of where the toy is moved.
