Splish Splash Water Play At Home

Directions:
Get a plastic bin add one cup of water in the bin.

Add water/bath toys if available.

You can add a few drops of soap to make some bubbles.

Let your child have fun splashing the water.

You can also sing songs as they play in the water together.

Please do not leave children unattended because this is a water activity.

Materials:
Plastic bin (shoe size)
Water
Bath or water-safe toys (if available)
Mild dish soap, shower gel, or bubble bath (if available)

Benefits: The children will begin to explore water and objects while using and developing their small motor skills.
