

Post-it Note Shape Puzzle

Instructions:

Step 1: Put four post-it notes together in a square.

Step 2: Draw a shape onto the post-it note square.

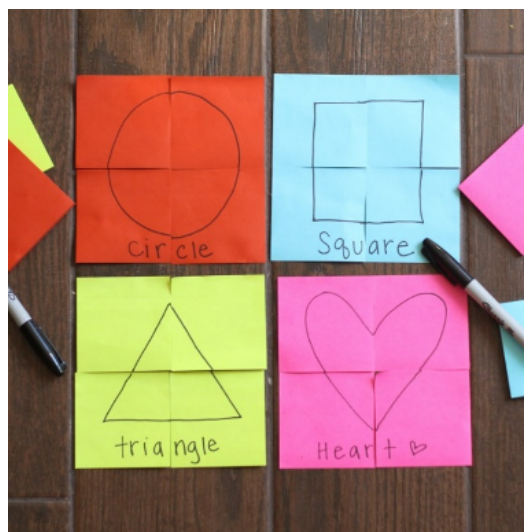

Step 3: Once you have drawn the shape across the post-it notes, pull the post-it notes apart and scramble them.

Step 4: Let your child unscramble the shape on the post-it note and put the shape together.

Step 5: Let your child put together the post-it note shape on the wall or on a table.

Materials:

Post-it Notes
Marker

Why is this activity important?

- This activity strengthens fine motor muscles and cognitive development through concentration.
- This activity also encourages a child's problem solving skills and exercises their minds by putting the shapes and puzzles together.
