Join us in Prague and share your important work and capabilities with the leading professionals in the field of Eating Disorders!

Awareness of eating disorders is growing rapidly around the world. You play an important part in bringing expertise and experience to the community, and ICED is the single most important opportunity for you to share what you know and what you are doing. You are invited to participate in the Academy for Eating Disorders' **2017 International Conference on Eating Disorders (ICED)**, taking place **June 8-10, 2017** at the Prague Congress Centre in Prague, Czech Republic.

The keynote speaker this year, Vikram Patel, PhD, will be sharing his research and insights on Psychological Treatments for the World: Lessons from Global Mental Health for Eating Disorders. In addition, there are dozens of educational plenaries, workshops, and Special Interest Group panel discussions, as well as the opportunity to learn about the latest research findings through the presentation of papers and live poster sessions.

ICED exhibitors, sponsors, and advertisers are invited to participate fully in the conference, learning and sharing directly with delegates, getting to know their concerns and sharing your unique perspectives. To increase the time you have to meet and network with delegates, all refreshment and lunch breaks are integrated into the very central Exhibit space which will greatly increase your visibility.

AED recognizes that advertisers, exhibitors, and sponsors are an important and integral part of the professional AED treatment and research team, and the cornerstone of a successful ICED. We appreciate your support of our efforts to provide a powerfully informative and inspiring conference, and your support of the community.

In this prospectus, we are happy to introduce a number of new opportunities to support ICED, as well as many that you are already familiar with. Please take a few moments to review the information and return a completed ad/exhibit/sponsorship form by **March 1, 2017**.

We look forward to seeing you in Prague!

Sincerely,

Stephanie Bauer, PhD
AED President-Elect

Elissa M. Myers, CAE, IOM
