AEJMC 2024 Extended Abstracts Call

AEJMC will accept extended abstracts for the 2024 conference. The extended abstract format is suitable for authors who are sufficiently along in the research process to address the content elements described below but have not had sufficient time to prepare a full paper. Extended abstracts must be uploaded as a single file to the AEJMC All-Academic site no later than 11:59 P.M. (Central Daylight Time) **Monday, April 1, 2024.** Authors whose extended abstracts are selected for presentation at the conference should still submit their full paper, with all identifying author information, to the All-Academic site by 11:59 p.m. CDT, July 15, 2024.

Extended abstracts may be submitted to only one division or interest group. To preserve the value of fully developed research papers, extended abstracts will not be eligible for division or AEJMC conferencewide awards.

**Notes:**
The length of extended abstracts must be at least 750 words but no more than 1,500 words. A 75-word (max.) summary of the abstract should precede the abstract itself. References and summary are excluded from the word count.

Extended abstracts should contain all of the same content sections/elements that would normally be used in a paper submission. The main difference, however, is the length of the submission format.

For authors considering the extended abstract option, data collection and analysis must be at least 75% complete in order to meaningfully report tentative findings and conclusions. Authors should clearly report how far along the data collection and analysis phases are, respectively, and explain what steps remain and the anticipated value/contribution of these steps, so that reviewers can assess the foundations on which conclusions are based. Extended abstracts will be reviewed and scored using evaluation criteria specific to the abstracts and not the same as those used for full papers.

When submitting in this format, authors must select the “Extended Abstract” option in All-Academic AND include the words “Extended Abstract” at the start of their paper title (e.g., “Extended Abstract: [Your paper title]”). Authors should clearly indicate the same on the title page of their submission. Submissions that are not appropriately labeled may be rejected.
When creating the file for upload, please insert the 75-word summary of the abstract at the beginning of the extended abstract, so that this is what readers and reviewers see first.

Please ensure all identifying author information has been removed for extended abstract submissions and that title pages do not contain author information. Please reference the AEJMC Uniform Paper Call for information about how to ensure this information is removed in order to ensure a blind review.

Other than the extended abstract format (including length differences) and ineligibility for award competitions, all other 2024 AEJMC Uniform Paper Guidelines apply. Please review these at: https://community.aejmc.org/conference/papercompetition/papercall
