Presented by Bree Muehlbauer, MPA, CFRE

THE ETHICAL NONPROFIT

Ethics in fundraising is more than a compliance checkbox, it's the foundation of donor trust, organizational integrity, and lasting mission impact. In this dynamic one-hour session, Bree Muehlbauer, CFRE, MPA, AFP Certified Trainer, guides participants through the full fundraising cycle – from prospect research to stewardship – examining the ethical dimensions, common pitfalls, and guiding questions at every stage. Attendees will leave with a practical framework for embedding ethical practice across their teams and a personal commitment to strengthen accountability in their own role.
