One of the IDEA Fellowship’s key offerings is cohort network building. How can this support you and your work?*

Tell us about your experience with fundraising (increasing resources for your organization and/or community) up to this point in your career. *

Tell us what gaps you have in your fundraising knowledge. *

This Fellowship has a goal of creating space to have authentic conversations about fundraising and equity. Why are you interested in applying this lens with a group of other BIPOC fundraisers? *

What do you see as the next step or goal in your career? *

Finally, what else would you like us to know about you and/or your interest in this Fellowship?
