Colonial Williamsburg®

Spring 2023 GUEST EXPERIENCE

MARCH 12 – APRIL 1, 2023

Welcome to Colonial Williamsburg's Historic Area!

The buildings and streets of our community hold many stories. Here, you will meet people from different places and very different circumstances as they work, sacrifice, endure, and achieve. These people will help you explore ideas of democracy, freedom, ingenuity and revolution, and share the diverse origin stories of America.

Throughout the city you will encounter costumed interpreters who are here to help you on your journey of discovery. At “performances,” you will see interpreters portraying people who lived in Williamsburg during the period of the American Revolution, 1765 to 1785. You will meet costumed interpreters leading tours at key locations throughout the area and working in historic trade shops, practicing 18th-century trades. The individuals you encounter will highlight many aspects of the political, social, cultural, and economic climate of Virginia's colonial capital.

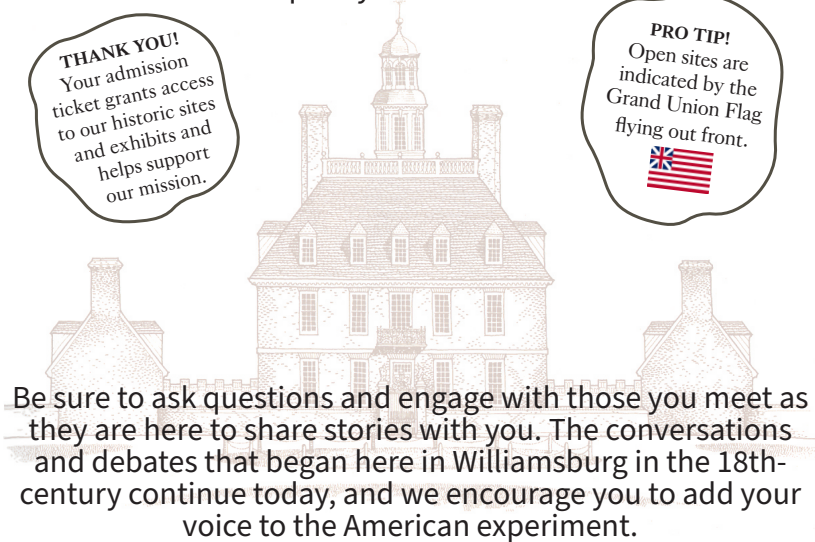

In our trade shops, you will find tradespeople demonstrating American ingenuity. From melting metal to arming revolutionary forces to cultivating the land to feed the community, tradespeople used the resources around them to forge a new nation.

Within the homes, government buildings, and taverns of this colonial capital city, you will hear people from all walks of life debating the definition of “We the People.”

Some lived and worked here in Williamsburg by choice, others were brought or kept here by force, and some had been here long before any newcomers arrived. All these individuals shaped our nation's ideas on equality and freedom.

THANK YOU!
Your admission ticket grants access to our historic sites and exhibits and helps support our mission.

PRO TIP!
Open sites are indicated by the Grand Union Flag flying out front.

Be sure to ask questions and engage with those you meet as they are here to share stories with you. The conversations and debates that began in Williamsburg in the 18th-century continue today, and we encourage you to add your voice to the American experiment.
