

AFP MIAMI MENTOR PROGRAM

Mentor Program Summary

*Are you new to AFP and/or the fundraising profession?
AFP Miami invites you to sign up for a local mentor!*

What to Expect from a Mentor:

1. Mentor will inform mentee of upcoming AFP functions by calling or e-mailing before an event.
2. Mentor must maintain periodic communication with a mentee, at least monthly, to offer advice, guidance, and referrals to other members with specific expertise or simply remind the mentee of the professional resources available through AFP.

To Become a Mentor:

The AFP Miami Chapter is currently recruiting members with 10 years or more of experience to serve as mentors for AFP Miami members. The Mentoring Program serves as a “buddy system” to engage new members of AFP Miami with our local chapter as well as help provide experienced guidance and support in professional fundraising areas of interest.

Mentors keep their mentees informed of upcoming AFP Miami events and serve as a referral source when expert advice is required for a particular question or project:

1. Mentor must have been a member of AFP for a minimum of one year.
2. Mentor must feel adequately engaged with the local chapter to be able to provide effective guidance to a new chapter member.
3. Mentor must be willing to commit to a one-year mentor/mentee relationship.
