ABOUT THE ASSOCIATION OF FUNDRAISING PROFESSIONALS

- ARKANSAS CHAPTER

The AFP - Arkansas Chapter promotes its members' professional development and career advancement through educational programming and a network of professional resources that can help members generate philanthropic support for their organizations. We recognize that financial restraints can limit educational opportunities for our members. We are proud to help offset the cost through our scholarships.

Our history began in 1981 when four fundraising professionals met monthly in the old Baptist Hospital Cafeteria. Each year, the chapter hosted a State Fundraising Day that included workshops and a presentation on fundraising. The event provided the only working funds for the chapter beyond the meager dues in those days. The Arkansas Chapter held its first Philanthropy Day recognition program in 1986.

YOUR PARTNERSHIP ENABLES YOU TO:

Build name recognition with nonprofits, philanthropists, and community leaders while supporting, celebrating, and advancing the work of philanthropy in our community. In addition, you help to provide scholarships for AFP membership, educational conferences, and fundraising certification to continue innovative educational opportunities for fundraisers and nonprofit professionals.
